

MAJOR MARTIN LOST IN ICE SWEEP ALASKA

Five Killed Ten Burned In Oil Tank Explosion

No Word From Flier Since Wednesday Morning

CORDOVA, Alaska, May 1.—Search of the icy swept Alaska coast for Major Frederick L. Martin, commander of the American around-the-world airplane flight, began today. No word has been received from the flier since he hopped off from Chignik for the Dutch harbor, Unalaska, yesterday morning. The coast guard cutter Algonquin patrolled the route between Chignik and the Dutch harbor along which Martin was to fly. Other boats are searching for the missing aviator.

CORDOVA, Alaska, May 1.—Completing repair on his plane, the Seattle, Major Frederick Martin has hopped off from Chignik.

His destination is Dutch Harbor, where three companions have been waiting for two weeks. The American pilots probably will leave Dutch Harbor within two days.

PARIS, May 1.—France's long distance airplane flight was held up at Karachi today, but was expected to get underway for Japan again Saturday morning.

Lieutenant Pelletier d'Oisy, who already has established a record for flight from France to India in his big Bergey plane, telegraphed the ministry of air that the delay was caused by necessity of over-hauling the motor of his machine.

Giants Leave For The West

By HENRY L. FARRELL
(United Press Staff Correspondent)
NEW YORK, May 1.—Tests of the real strength of the two champion clubs will be put to the New York Yankees and the Giants when they meet the powerful clubs of the west.

The Giants departed today on a trip that will swing them over the western circuit and will keep them away from home until the first of June. The Yankees returned today to remain here until the road again. Both clubs have a few more bites to take off the eastern pickings before they start on the tougher meat that the west will offer. The Giants have seven games against Boston and Philadelphia and then they start with the St. Louis Cardinals for four games. They have four games then with the Chicago Cubs, three with the Pittsburgh Pirates and four with the Cincinnati Reds.

The Yankees get ready for the western clubs with seven games with Washington and Philadelphia and then they will have to take on the White Sox, the Browns, the Indians and the Tigers for four games each.

Considering that there may be a disadvantage in playing away from home, the Giants are well fixed to take their invasion of the west. They have a comfortable hold on first place and the team is going fine. The Giants, however, have always been a great road club.

While the Giants were fortunate in getting away to a flying start, the Yankees faltered badly and they are just beginning to hit their stride. They are tied with the Tigers for first place and they may have a lead of a couple of games before they have to tackle the strength of the west.

FORT WORTH, Texas, May 1.—The exhibition of the Dempsey-Firpo fight films here was stopped today by the district attorney. Howard Winship, exhibitor, was arrested charged with violating the state laws. Winship was arrested yesterday by federal officers and later released when it was learned that he bought the fight picture in Dallas where it had been reproduced from original negatives.

Mr. and Mrs. Fletcher Adale and baby, of Groesbeck were Mexia visitors Thursday.

Dorothy Dalton Weds Hammerstein.

Dorothy Dalton, the "Aphrodite of the Movies," embarked on her second matrimonial venture in her native Chicago when she married Arthur Hammerstein, New York theatrical producer, son of the late Oscar Hammerstein and father of Elaine, the film actress. Miss Dalton was formerly the wife of Lew Cody. Hammerstein has been married three times previously.

Police Break Up Celebration Of Red on May Day

By CARL D. Groat.
(United Press Staff Correspondent)

BERLIN, May 1.—Police broke up an extensive gathering of Communist May day demonstrators here today. Heavily armed mounted, and foot detachments swarmed through the Lustgarten, near the former Kaiser's palace, chasing the Reds before them when an outbreak seemed imminent.

The demonstration followed threats by Communists that "Red May Day" would be observed by widespread activity, despite the police ban on all agitation.

Detachments of police armed with rifles, began patrolling the principal thoroughfares shortly after dawn and threw up barricades at points where rioting was feared.

The regular police service was reinforced heavily.

NEW YORK, May 1.—Jack Dempsey, heavyweight champion, and Harry Wills, colored contender, will meet for the championship in Jersey City September 6, Tex Rickard announced today.

Half Million Dollars' Worth Of Pure Bred Holsteins Fall Before Firing Squad In West

WOZENCRAFT SAYS MEXIA HAS MADE GREATEST PROGRESS IN FEW YEARS OF ANY CITY IN THE SOUTHWEST

Former Mayor Frank Wozencraft of Dallas, speaking to the Rotarians of Mexia at noon today asserted that he had never seen greater progress in a city or institution than that reflected in the city of Mexia during the past three years. He was here three years ago and delivered an address at that time and it was the intervening period to which he referred, paying this high tribute, which was received with applause from the Rotarians and their guests assembled in the dining room of the Majestic hotel.

He stated at the outset of his address that he was gratified to come back and to witness this progress, which has been so marked and which has won for Mexia the reputation of being the liveliest city of its size in Texas. Your spirit of cooperation is also pleasing to anyone who places the right value on this term, he said. He said that he had been invited to make a classification talk on the "Investment Finance Corporation." Mr. Wozencraft is Vice President and General Counsel for this organization and he stated that he would deal with its purposes and its field of service in the remarks that he would make.

These he dealt with for about 20 minutes paying a high tribute to Gordon Perry, President of the Investment Finance Corporation, saying that he was the guiding genius of the company and much of its success already was due to his connection with it, in which he devotes about 80 per cent of his time.

He said that the Investment Finance Corporation was the first company to be chartered under the new Blue Sky Law in Texas, and that its purpose was to fill a need for home capital and to occupy a field formerly occupied only, or in the main, by foreign capital.

He pointed out that the Dodge dealers and others in the principal cities of the State met and decided to organize the company, with Gordon Perry as its President, for the purpose of handling automobile time sales paper; that it was first organized for one half a million dollars, which proved inadequate for

early needs even and that the capital stock has since been increased to one million dollars. He pointed out the conservative and safe plan followed, in that when automobile time paper is taken up, the corporation is backed by note, chattel mortgage, the guarantee of a good dealer and insurance on the car; and that through the ability of finance companies successfully to carry out such closer supervision they are enabled to supplement our commercial banking system and to make for themselves a distinct economic position in our financial organization. Today it is estimated that from 50 per cent to 70 per cent of all automobiles are bought on the installment or "Terms" plan. The dealer sells his installment notes to some good Finance Company, and thus keeps his capital liquid and extends his operations in keeping with public demand. Mr. Wozencraft pointed out that such a company in Texas served to keep Texas money at home and through such a plan of cooperation, the State could finance her own growing industries, rather than to look outside of Texas for the necessary capital.

His address was appreciated by every Rotarian and all present. President Albert Berry assured him that the reason he had been invited here this time was that he had been heard before and that he would be asked to come again.

George Bell sang a solo at the outset of the program, accompanied by Mrs. Ira Needham on the piano. The meeting was presided over by President Albert Berry. At the beginning of the program, he turned the gavel over to Mayor Ernest Watson, who introduced Mr. Wozencraft in brief but glowing terms.

It was announced that next week the program will be held at the Texaco Cafe on Wednesday, in view of the Shrine Ceremonial Thursday at Waco. It was stated that that would be "Ben Stollenwerk Day" in honor of the gutting secretary.

The new officers of the club were installed, those present being President Hardy Eubanks, Secretary J. W. Elliott, and Sergeant at arms,

LANKERSHIM, Calif., May 1.—Half a million dollars worth of pure bred Holstein fell before a firing squad today, sacrificed to the hoof and mouth disease. Three hundred and sixty-six animals including former world champions milch cows Tillie Alcarata, were driven into a trench and shot down, covered with quick lime and buried.

GROESBECK DEFEATS KOSSE SCHOOL TEAM

GROESBECK, Texas, May 1.—The Groesbeck High School baseball team defeated the Kosse Hi on the local grounds Wednesday afternoon with a score of 4 to 1. They defeated the Thornton team Tuesday afternoon, 16 to 1. They are fast whipping into trim and expected to be a strong contender for the High School honors in this section of the State this season.

MAN ALLEGED CRAZY KEPT FROM MARRYING

LOS ANGELES, Cal., May 1.—Those who believe a man is crazy who gets married may point to the case of Amos Peasley Spencer, 75, capitalist, who was hauled from the altar on insanity charges by deputy sheriffs. Clara Bell Lessig, 55, prominent clubwoman fiancée of the aged bride-to-be, demands \$320,000 heart balm because the nuptials were interrupted. She charges it was a plot staged by members of the family to prevent the wedding.

R. A. Wagner, who were conducted to the front and introduced as such. President Albert Berry presented them, and at the same time thanked the club for the honor paid him in electing him to the office from which he was then retiring. The new President, Hardy Eubanks, called upon to speak, thanked the directors for the honor, and pleaded for the cooperation of all in making the next Rotary year a success. He said in conclusion that he felt that he was President of the best club in the best town of Rotary International.

Quite a number of guests were present, including Rev. W. O. Barnett, pastor of the Calvary Baptist church of Dallas, who is now here, doing the preaching at the revival being conducted at the First Baptist Church.

Pullman Car Porter Lectures in College.

John Baptist Ford, a Pullman car porter, delivered the first of a series of lectures on transportation to a class of students at Dartmouth College, telling of his railroad experiences and the lesson a railroad teaches. He explained how kindness and willing service to patrons won him recognition.

Fire Follows Blast Whose Origin Is Unknown

KANSAS CITY, May 1.—Five men were killed and ten burned, several perhaps fatally when an oil tank at the Interstate Refinery here exploded today. The cause of the explosion was not determined. Fire followed the blast and for a time it threatened the entire manufacturing district. The bodies of the men killed were thrown 100 feet in the air and nearly a block from the refinery. Concussion from the explosion knocked many workers to the ground.

STORM TOLL

ATLANTA, Ga., May 1.—The death toll from the storm which swept a swath 1,000 miles long through four southern states mounted steadily today as reports of casualties in communities isolated by the tornado came trickling in.

The total number of dead is expected to reach nearly 100. The number of injured will exceed 500. Property damage is in excess of \$10,000. Relief work was going ahead rapidly under direction of the Red Cross headquarters here.

One house at Opelika, Ala., was blown to splinters, but its five occupants escaped injury. Two women were seated talking on the porch of another home a short distance away. One of them was picked up, carried 300 feet and her body dashed against a building. The other remained seated in her chair unscathed.

In Macon, Ga., the northern part of the city was untouched but in the South Macon, the storm apparently followed one main street wrecking everything in sight. Telephone poles and trees were blown down and houses and buildings leveled.

Crops in Southern Georgia were ruined. Tobacco had just reached a point where hail would injure it. Peach orchards were also damaged by the hail stones.

Nine children were killed when the school house at Columbus, S. C., caved in before the force of the gale.

Ninety-five were known dead today. The swirling winds reached the height of their fury in South Carolina, having gained headway in their advances from the Mississippi states. The death list in that state totaled sixty-six. Large buildings crumbled before the gale. Men and women were picked up off the street, carried 200 yards and dashed to the ground.

Alabama had eleven dead; North Carolina three; Georgia 4; and scattered deaths were reported from Tennessee, Louisiana and Mississippi.

At some places entire settlements were wrecked, every house and public building in small village being leveled. Sweeping a path about half a mile wide in South Carolina the storm with in half an hour ruined the richest agricultural section of the state. Timber, fruit trees, regular crops, old colonial homes—everything went down in the trail of the twister.

Seven negro women and children met death when six houses on a plantation near Camden were blown to splinters.

When the storm reached north Carolina although it had abated somewhat it still had power to do considerable damage. Two children were hurt in Charlotte, 25 were hurt in Rocky Mount; three killed and eight hurt at Durham, and four were injured with a property loss estimated at \$20,000 in Richmond, Va.

ATHENS SCENE OF MAY DAY RIOTS

ATHENS, May 1.—One soldier and three workmen were wounded here when troops exchanged shots with a group of May Day demonstrators, after they had been ordered to disperse.

TEXARKANA.—John T. Davis, former county clerk of Miller county, Ark., was acquitted of charges of arson in the District court of Cass county, Texas.

Brother Former Tax Collector Killed In Car Wreck

Wholesale Manufacturers And Jobbers Of Mexia To Present Exhibit At The Shrine Club Circus To Be Held Here

An interesting announcement comes from Shrine headquarters this morning concerning the booth exhibits to be shown under the big tent during Shrine circus week in Mexia.

The Wholesale Manufacturers and Jobbers Association are to appoint a committee at an early date to collect exhibits and display them in a booth known as a made in Mexia exhibit.

This booth will be of sufficient size and attraction to prominently display every article manufactured or made in Mexia. In discussing this matter with interested parties, it is plain to be seen that there are enough different commodities manufactured in Mexia to make quite a nice showing and a representative will be in the booth to meet visitors and spectators, and talk Mexia and Mexia products to them. This feature of the various exhibits will be another link in the big chain of advertising Mexia to the world. Automobile dealers will display their different model cars and have

their representatives on the ground to meet the public and future buyers. Merchants will have their own booths wherein they will display their attractive merchandise and operate their style shows.

Noble Sam Werner manager of the publicity campaign informed the editor that the publicity end of the circus was going over the top and that if the crowds are not under the tent every night of the circus, it won't be because every person that can read and write don't know about the event.

Through the co-operation of the merchants and the local Shriners over 5000 printed invitations were mailed out in the morning mail with monthly statements to their customers. This will put a personal invitation in practically every household in Mexia and in lots of homes in its trade territory. A display ad is running in today's News and also in the Weekly Herald carrying further news of the coming attraction.

N. J. Thedford Is Auto Accident Victim Late Wednesday

GROESBECK, Texas, May 1.—Word was received here today of the death last night of Nolie J. Thedford, of Wichita Falls, his death being due to an automobile accident Wednesday. He formerly resided in Groesbeck, moving to Wichita Falls a short time ago with his family. He is survived by his wife and three children of his wife, Mrs. Thedford, of Groesbeck, three brothers, also of Groesbeck, and two sisters. His brothers are M. S. Thedford, former Limestone County Tax Collector; Grady and Robert. His sisters are Mrs. Otis White of Gordon, Texas, and Mrs. John Moody of Paint Rock. He will be buried in Groesbeck Friday afternoon.

Houston Police Represented At Rodeo In London

HOUSTON, Texas, May 1.—Oscar F. Hope, Houston's mounted police force, will take part in the International rodeo in London, June 17-24. Hope will take his champion roping horse, Frank, with him when he sails.

ANTI PASS LAW IS UPHELD IN COURT

AUSTIN, Texas, May 1.—Validity of the Texas anti-pass law was upheld by the supreme court here in the case of the St. Louis Southwestern Railway company against the State of Texas. The decision ruled the legislature has the power within reasonable limitations to determine who is entitled to receive and use passes in Texas.

EL PASO.—Eduardo Varela, alleged rum runner, was shot and critically wounded by revenue officers when he resisted arrest.

Wind Blows Hard And Does Damage In The County

Wind reached almost the proportions of a storm at Groesbeck and near there Tuesday of this week. According to the Weather Bureau Station there, the gale reached 45 miles and hour. Near Lavender, six miles west of Groesbeck, the store of Frank Bevil was blown from its blocks. Other minor damages was done in the community.

One citizen, driving a Ford reported that he saw a galvanized cistern coming towards him at a rapid rate. He was perplexed as to what it would do to him when he met it, as the road was not wide enough for him to turn around where he was. Fortunately, a claver was between him and the cistern and he turned off into the ditch and when the cistern reached the culvert, it had more courtesy than the usual road hog and turned off on the other side and stopped. The driver then went on his way.

Entered as second-class matter, February 26, 1919, at the Postoffice at Mexia, Texas, under the act of March 3, 1879.

REGARDING THE SELECTION OF DELEGATES

The following is the law regulating the election of delegates to State and National conventions:

Chapter Eleven
National Conventions, State Conventions to Select Delegates to.

ART. 3175. Any political party, desiring to elect delegates to a national convention, shall hold a state convention at such place as may be designated by the state executive committee of said party, on the fourth Tuesday of May, 1912, and every four years thereafter. Said conventions shall be composed of delegates duly elected by the voters of said political party in the several counties of the state at primary conventions to be held on the first Saturday in May, 1912, and every four years thereafter. Said primary conventions shall be held between the hours of ten o'clock a. m. and eight p. m. These primary conventions shall elect delegates to the county convention of the several counties, which shall be held on the first Tuesday after the first Saturday in May, 1912, and every four years thereafter. The qualified voters of each voting precinct of the county shall assemble on the date named, and shall be presided over by a chairman who shall have been previously appointed by the county executive committee of the party, and shall be a qualified voter in said election precinct; and said convention may elect from among their number a secretary and such other officers as may be necessary to conduct the business of the convention. The chairman of said convention shall possess all the power and authority that is given to election judges under the provisions of this title. Before transacting any business, the chairman shall make, or cause to be made a list of all qualified voters present; and the name of no person shall be entered upon said list, nor shall he be permitted to vote or to participate in the business of such convention, until it is made to appear that he is a qualified voter in said precinct, from a certified list of qualified voters, the same as is required in conducting a general election. After the convention is organized as above provided, it shall elect its delegates to the county convention and transact such other business as may properly come before it. The officers of said convention shall keep a written record of its proceedings, including a list of the delegates elected to the county convention, which record shall constitute the returns from said convention. The same shall be signed officially, sealed up and safely transmitted by the officers thereof to the chairman of the county executive committee of the party, and to be used by the executive committee in making up a roll of the delegates to the county convention.

(Acts 1905, SS., p. 555, Sec. 139).

Art. 3175a. Provided that on the fourth Tuesday in May A. D., 1916, and every four years thereafter, in addition to the candidates heretofore required to be nominated, at the regular nominating election, the qualified electors of the political parties of this state shall have the opportunity to vote their first and second preference on their party nomination ballots for their choice of those aspiring to be the candidates

of their respective parties for president and vice-president of the United States, and for the nomination of their party presidential electors and the election their party delegates to the national convention of the respective political parties of this state. The names of the aspirants in each such party for its nomination to be its nominees for president and vice-president of the United States; and for presidential electors and the election of said delegates to said national conventions shall be printed on the party nominating ballot and the ballots shall be marked and the votes shall be counted, canvassed and returned under the same regulation of law as the names of the party aspirants for the party nominations for the offices of governor and lieutenant governor of this state. That said candidates for the nomination of president and vice-president of the United States shall have their names placed upon said primary ballot at two separate places under the headings "First Choice" and "Second Choice" to enable the electors participating in said election to vote for their first and second choice for said officers; provided, that aspirants for such presidential nominations need not file any personal petition for placing their names on said ballot, but that the state chairman of the respective political parties of this state shall certify to each county chairman of the respective political parties of said state, the names and addresses of all candidates of said respective political parties for said offices of president and vice-president of the United States, such names to be placed upon said official ballot as candidates for said offices.

Every qualified voter participating in said primary shall have the right at such nominating election to vote for two candidates from his respective congressional district for delegates to said national convention and for as many delegates at large to said national convention as may be directed by the state executive committee of said political party, and for the nomination of one presidential elector from his respective congressional district. The candidates for President and vice-president of the United States receiving the highest number of votes cast in said primary election shall be considered the first choice of the adherents of said political party in this state for said office, and the candidates for president and vice-president of the United States securing the second highest number of votes cast in said primary election shall be considered the second choice of the adherents of such party for said offices. The number of said candidates for delegates equal to the number of said delegates to be elected, and the number of presidential electors to be nominated, receiving respectively each for himself the highest number of votes for such office or nomination, shall be elected or nominated as the case may be. Provided the provisions of this act shall be optional with the political parties polling less than 50,000 votes for candidates for governor at the last preceding general election. Provided that the expense incurred in holding said precinct primaries shall be paid out of the county treasury of each county in which said primaries are held upon warrant drawn up

on the county treasury by the commissioners court of said county, or said court shall authorize the county clerk of said county to draw said warrant, and said fees shall correspond to the amount now paid election officers for holding general elections in this state, and this shall only apply to primaries for political parties when the candidate for governor at the last preceding general election polled 50,000 or more votes. (Acts 1913, p. 88, sec. 1.)

Art. 3134. On the first Saturday after primary election day for 1912, and each two years thereafter, there shall be held in each county a county convention of each party, to be composed of one delegate from each precinct in such county for each 25 votes, or a major fraction thereof, cast for the party's candidate for governor at the last preceding election, which delegates shall be elected by the voters of each precinct on primary election day, in such manner as may be prescribed by the county executive committee at their meeting on the second Monday in June, which convention shall elect one delegate to the state and several district conventions for each three hundred votes, or a major fraction thereof, cast for the party's candidate for governor in such county at the last preceding general election; and the delegates to the said conventions, so elected, or such of them as may attend the said convention, shall cast the vote of the county in such conventions.

Immediately upon the adjournment of each such county convention, the president thereof shall make out a certified list of the delegates to each of said conventions chosen by such county convention and shall sign the same, the secretary of such convention attesting the signature, and shall forward such certified list by sealed registered letter to the chairman of the state and district executive committees who shall present the same to the respective committees, at its meeting prior to the convention; and, from such certified list, the respective committees shall prepare a temporary roll of those selected as delegates to such convention; provided, that no proxies shall be allowed to, or recognized in, any convention held by authority of this title, where a delegate from the county is present in the convention.

Art. 3142. Each county in the state or district convention shall be entitled to one vote for each five hundred votes, or major fraction thereof, cast for the candidate for governor of the political party holding the convention at the last preceding primary election. In case, at each primary election, there were cast for such candidate for governor, less than five hundred votes in any county, then all such counties shall have one vote. (Acts 1907, p. 329, sec. 120.)

The total number of votes cast for Pat M. Neff at Mexia, Texas in general election held November 7, 1922, 468, the largest single instance of democratic votes appears to have been 474. C. M. Cureton and T. B. Greenwood each receiving that number. This is of record in Elections, Limestone County, Texas, Volume 2, page 158-159.

Canada's Chief Justice Is Dead

OTTAWA, Ont., May 1.—Sir Louis Davis, chief justice of the supreme court of Canada died at his home here Thursday. He was 79 years old.

Sir Louis had served often as the connecting link between the Dominion and the United States. In 1897 and 1897 he was in Washington in connection with the revision of the International Regulations respecting the Behring Sea seal fisheries and other disputes between Canada and the United States.

With the British Ambassador in Washington, he signed the protocols of the preliminary negotiations for the appointment of a joint high commission.

MAN KILLS SELF N CHICAGO SAYS NOTE

SAN ANTONIO, Texas, May 1.—Walter Bright Moore of Chicago was found shot to death in a rooming house here today. He left a note giving directions for shipping his body to Chicago. His health is said to have prompted him to commit suicide.

Three Commander-ies Chartered in Tex

SAN ANTONIO, Texas, May 1.—

Three new sub-ordinate commanderies have been chartered in Texas and three dispensations granted for commanderies, according to the report of J. C. Kidd, Recorder of the Grand Commandery of Texas, Knights Templar, which is holding its 71st annual convocation here. Commanderies chartered are located at Taylor, Midland and Longview, and those under dispensation at Lufkin, Terrell and Sweetwater.

The grand commandery has a membership of 18,180, and is the sixth in size in the United States.

The commandery voted \$1,000 to the Home for Crippled Children in Dallas, maintained by the Shrine.

Officers will be elected today and the next meeting place decided upon.

Beaumont and Fort Worth are making strong efforts to get the honor.

WATCHING THE SCOREBOARD

Yesterday's hero: Rabbit Manville.

The big Pittsburgher stole home in the fourteenth inning and stole the run that beat the Cubs, 2 to 1.

Playing his first game with the Brooklyn Robins, Milt Stock, former St. Louis third baseman, singled in the eleventh inning and drove in the runs that beat the Braves, 6 to 5.

Bad weather caused postponement of the other games.

GILMER.—Trial of Dr. W. Hyde on charges of slaying Dick Atkinson at Big Sandy, will begin here May 12, it was announced by Judge Warren.

FIGHTS AND FIGHTERS

NEW YORK.—Battling Siki, after an extended vacation in Cuba was loose again today in New York. He came back steered from Havana and was held up several days at Ellis Island because he was flat broke. Bob Levy, his manager showed a bank book for \$3,000 that he had held away for the battler and he was allowed in for six months.

NEW YORK.—Jimmy Johnston, President of the National Sports Alliance asked permission of the New York Boxing commission to stage a benefit for Sam Langford, former heavyweight star, who is broke and almost blind, in California.

NEW YORK.—Jack Zivic, Pittsburgh light weight, was offered by his manager, Jimmy Bronson, to the boxing commission today as a candidate for a lightweight champion bout against Benny Leonard.

CHICAGO.—Floyd Fitzsimmons, promoter of the Carpentier-Gibbons fight at Michigan City, Ind., May 31, said today the conviction of Warren T. McCray, Indiana governor, who gave permission for the fight, wouldn't interfere with plans. Fitzsimmons said he had assurance there would be no interference.

PITTSBURGH, May 1.—Harry K. Thaw came home today. The slayer of Stanford White and the former husband of Evelyn Nesbit arrived in Pittsburgh and immediately motored to Cresson to join his aged mother, Mrs. Mary Thaw.

DALLAS.—The dog-wagon resumed operations here today, following numerous reports of rabies.

BEAUMONT.—Herbert J. Schott, Houston, was elected president of the Texas Association of the Baking Industry at the closing session of their annual convention here. Ft. Worth was picked for the next meeting place.

DALLAS.—Union sheet metal workers went on strike here today for higher wages. They want an increase from \$9 to \$10 per day.

OUTSTANDING FACTS ABOUT NEW FAIRBANKS PHOTOPLAY

Patterson's Column

Something of an idea of the bigness and general scope of Douglas Fairbanks' latest photoplay sensation, "Douglas Fairbanks in Robin Hood," may be gathered from the summary of facts given herewith. For this last word in Fairbanks super-features, which is showing at the National theatre under a United Artists release, a host of engineers, architects, artists and artisans labored for months before ever a camera lens was opened.

Twenty-two experts delved and studied in the necessary research work for accurate designing of the colossal sets.

Libraries the world over were ransacked by these experts for authoritative facts in ascertaining the historical data that all might be presented truthfully to the period.

Hundreds of workmen labored three months to build the sets.

One million feet, or approximately thirty-five carloads, of lumber were used in their construction.

This lumber, if laid out in board feet, would cover twenty acres of ground; if placed end to end would span a distance of about five hundred miles.

One carload, or about thirty tons, of nails were consumed in erecting the sets.

Two hundred and fifty tons of material went into the castle walls.

More than fifteen acres of studio property are in use for the principal sets.

The King's castle set covers two and one-half acres and is 310 feet in height. The exterior is 620 feet long.

In building the castle 178,000 square feet of wall board, plaster board and button lath were required.

There are eight castle towers. If these towers were water tanks, each would hold 276,000 gallons.

The castle is surrounded by a moat, built from historically correct specifications, broad enough and deep enough to serve as a genuine barrier against the taking of this stronghold.

The royal banquet room in the castle is the largest room in the world, being larger even than the concert hall of the Pennsylvania Terminal Station in New York.

Elven canvas pavilions were built, each one forty feet in height.

The muslin diffusing system—used to diffuse light—is bigger than the combined "big tops" of the world's greatest circus enterprise.

The camera staff work from a platform built of selected spruce and airplane wire, with an area of forty square feet, weighs only 400 pounds.

It is the little things in life they say, which cause us all the strife that comes to us each happy day to rob us and to take away the pleasure that would else be ours—like thistles found among the flowers.

For instance just this morning I decided that for once I'd lie in bed a little while and snore before I started for the store but hardly had I settled good and started in to sawing wood when through my dreams a voice came bold—"Get up L. S., your coffee's cold"—and when you've finished, listen dear, I need your help a little here. Please move that box of winter things and fix the screen door's broken springs, then beat that rug and mop the floor—the mop's outside the kitchen door. I want my garden stuff to grow, so water it before you go—there goes the ice man; stop him please, and fix those bad piano keys, and Honey on your way down stop, and leave these shoes at Prickett's shop.

And thus it goes from day to day, my mind is slowly giving way—the phone rings—"L. S. when you come please bring a head of cabbage home."

—PATTERSON.

and can be assembled by four men in seven minutes.

Twenty thousand yards of heavy velvets and rich cloth material were used in making the 2,500 costumes worn by principals, players and extras.

More than one thousand wigs, each made of human hair, are worn by members of the cast.

More than one thousand pairs of shoes were required for the production and but one pair could be made from the hide of one sheep. The entire

stock of three tanneries was taken in supplying these hides.

Every weapon carried in the production was made entirely by hand. There are 2,000 spears, 1,500 swords, 2,000 shields and 500 daggers.

Saddles and trappings were made for hundreds of horses, all hand-made and hand-sewed.

In making an exact duplicate of the standard used by King Richard I in his Crusade to the Holy Lands, 300 pounds of iron were necessary.

An army of 10,000 extra people is being employed in various scenes at various times.

The prodigious use of hand-work on all effects in "Douglas Fairbanks in Robin Hood," is not a careless extravagance, but serves to illustrate the absolute authenticity of the production, for in the period depicted machinery was little used, metals and almost all materials being worked by hand.

Ladies permanent hair waving \$15 per head. Will be in Mexia for only a few days. Call Mrs. Degan, 501-J.

"DOUGLAS FAIRBANKS IN ROBIN HOOD"

Eight Centuries Brushed Aside by Camera Lens

Robin Hood and his merry crew who took from the rich to aid the poor; his love for sweet Maid Marian; Sherwood Forest and Nottingham Town; Friar Tuck and Little John with their staffs and cudgels—all etched out of the dim past and made to live again!

Towering battlements with turrets seeming to cut the sky; great castles of giant kings with their moats and drawbridges—drawn across the span of 800 years and set before eyes of to-day! The great Fairbanks as bandit chief—yet supreme in the role of romantic lover!

1209 DELEGATES ATTEND STATE SCHOOL MEET AT AUSTIN

AUSTIN, Texas, May 1.—Twelve hundred delegates to the University of Texas Interscholastic League meet will travel more than 400,000 miles to participate in the contests to be held in Austin on May 1, 2 and 3, according to the figures recently given out by Roy Bedichek, head of the League. It will be the biggest meet of this kind in the United States, it is stated.

"Each year the refund on railroad fare which is made by the League to the participants amounts to over \$12,000," said Mr. Bedichek. "The refund is made on a 70 per cent basis of the fare expended by the delegates in the journey to Austin."

Using this as a basis of computation and taking into consideration the reduced rates which the railroads accord the representatives, it was found that the total number of miles traveled by the delegates would amount to a distance sixteen times as great as the distance around the world.

Some idea as to the distance to be traveled by some of the participants can be obtained when it is considered that Texarkana is closer to Nashville, Tenn., than to Austin. El Paso is almost as near Los Angeles as Austin.

The Panhandle delegation, the Abilene district, and the Lubbock district have chartered a special train to bring their entries to the meet. This train will arrive in the capital city early Thursday morning, in ample time for the participants to take part in the preliminaries.

The meet this year will take place May 1-3, and at the start 144 auditions will be in use with 350 judges aiding in the selection from the first preliminaries in debate and declamation. At the same time over 600 track athletes will be on Clark Field to participate in the first preliminaries in track competition. In addition, every available tennis court in the city will

be in use, according to Mr. Bedichek. The delegates to the meet are the cream of Texas literary and athletic material, Mr. Bedichek pointed out.

Baylor U. Coeds Hear Answer To Leading Question

WACO, Texas, May 1.—"Girls of America! Do you know how to win the respect and honor of all good men?"

This was the question asked of more than 700 girls at Baylor University here this week by Miss Grace Lee Scott, internationally-known welfare worker and lecturer for the Women's Christian Temperance Union, in an address before the student body.

"American boys want to marry girls who measure up to their mothers. That is the answer," Miss Scott said. The speaker declared the men in France during the war, where she did welfare work, expressed the hope that American ideals would be uplifted.

"The morality—or lack of morality—among men depends largely on women of America. Women should set the example, but men should not drag woman down from her saintly pedestal," she declared.

HOLY NAME SOCIETY TO HOLD CONVENTION

WASHINGTON, April 23.—Business men of the capital city are co-operating with the local Catholic clergy in making plans for the national convention of the Holy Name Society, to be held at the Catholic University, Sept. 18-21 next. Ten thousand delegates, representing the ninety-six Catholic dioceses of this country, will be in attendance. On the last day of the convention 200,000 of the 1,500,000 Holy Name men of the United States will take part in a national rally to commemorate 650 years of Holy Name activity throughout the world.

PEOPLE DON'T ADMIRE ROUGH, PIMPLY SKIN

Before you can impress some one of the opposite sex enough to get them to share the happy state of love with you, you certainly must keep your appearance pleasing and attractive. Pimples, blotchy, eczemic skin seems ten times worse to strangers and new acquaintances. And even husbands, wives, parents and kin feel sorry for loved ones who suffer from such skin diseases. The way to get rid of all these drawbacks to affection and devotion from dear ones is to use Black and White Ointment and Soap, like thousands of people are doing. They are economically priced, in liberal packages. The 50c size Black and White Ointment contains three times as much as the 25c size. All dealers have both the Ointment and the Soap.—(Adv.)

34 SMU Students Suspended From That Institution

DALLAS, April 30.—Thirty-four students of Southern Methodist University who figured in the "wilderness dance" at Savage lake or helped publish "The Dinkey" campus scandal sheet, were dismissed today by the faculty.

Nine of the students, including four editors of "The Dinkey" were expelled—25 others who contributed to the outlaw publication or participated in the drunken lake revel were indefinitely suspended.

In addition the faculty discipline committee placed 22 students on probation for the remainder of their scholastic careers.

In announcing the wholesale dismissals, President Sealeman, said it was preferable to have a "smaller student body than to have in our number young persons who are not in sympathy with our ideals and our objectives."

"We are seriously undertaking to do a piece of Christian educational work."

Twelve alumni of S. M. U. also said to have attended the lake party were barred from the campus by the faculty committee.

Faculty action followed an extended investigation by the discipline committee and the 56 students cited for punishment were said to have included all of those who attended the notorious bacchanal.

Federal officers who started investigation of the "wilderness dance" following reports that "women of the streets" and huge quantities of liquor were transported for the occasion, were said to be satisfied now

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots
How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling. Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.—(Adv.)

that the students had been "properly dealt with."

"We are still after the bootleggers, however, who furnished liquor for the party," Dave Coffman, federal prosecutor, declared.

President C. C. Sealeman, of S. M. U., who took a hand in the investigation after he and a score of students and "town girls" were summoned before a federal grand jury to tell about "The Dinkey" and the student lake party, made public announcement of the dismissals.

He withheld identity of the ousted students, but declared emphatically there were no coeds involved.

Miss Pearl Shelton is now in Wichita Falls where she is with the Western Union Telegraph Company. Miss Shelton was formerly with the company in this city and has many friends here.

Piles Are Absorbed Never To Return

After years of patient, painstaking effort on the part of a well-known doctor, a prescription has been found that will actually heal Piles and absorb them never to return.

No man or woman need suffer another hour with any discomfort, pain or soreness arising from rectal troubles—Piles—now that this wonderful prescription known as MOAVA can be obtained for a moderate price at any first-class drug store on the money back if dissatisfied plan.

You'll be amazed to see how quickly it acts. Blessed relief often comes in an hour; even in cases of long standing with profuse bleeding, really wonderful results have been accomplished.

Simply ask your druggist for a small box of MOAVA SUPPOSITORIES, being careful to follow the simple directions that come in each box. For sale by Cox-Forrest Drug Co.—(Adv.)

GROESBECK BOARD TO ELECT TEACHERS FOR NEXT SCHOOL SESSION

GROESBECK, Texas, May 1.—At the last meeting of the Groesbeck School Board the four members chosen at the recent election were sworn in and officers elected for the coming year as follows: President, F. A. Adair, Vice President, G. H. Bond, and Secretary-Treasurer, W. A. Browder. J. G. Cochran was re-elected as Principal of the High School and the course in vocational agriculture was

Dark Teeth Bleached in 3 Minutes

You have always longed for flashing white teeth. And now, at last you can have them—easily, quickly, and safely! For scientists have discovered a remarkable new treatment which often in only three minutes bleaches dull dingy discolorations from the teeth, leaving them clear, sparkling white and lustrous. This new treatment, called Bleachodent Combination, consists of a mild safe liquid and a new kind of paste. The liquid cures and softens the stains, while the paste removes them, and if used daily prevents the formation of future stains. You simply brush teeth with a few drops of the liquid—then use the paste. Almost before you realize it, unsightly surface stains disappear and the teeth take on a dazzling new whiteness and lustre. First application usually leaves teeth whiter than with ten times the scouring by old-fashioned methods. Bleachodent Combination is harmless—does not affect enamel as its mild ingredients are intended to act only on surface stains—not on enamel itself. Especially beneficial for children's teeth which stain easily. Get Bleachodent Combination today for a few cents. Be sure you ask for Bleachodent Combination. At all good dealers.—(Adv.)

Since 1882—The Old Reliable

C. I. A. Suggests Varied Dishes to Be Served Daily

DENTON, Texas, May 1.—If fresh figs are not obtainable, preserved or dried ones stewed are a very good substitute. When served as a breakfast fruit very little sugar should be used. Marshmallow gingerbread makes a simple, inexpensive dessert and is especially liked by children. All families should learn to eat raw cabbage. It is a crisp succulent vegetable, stimulating to the digestive tract, and rich in vitamins. The vitamins are completely destroyed with long cooking. Cottage cheese is a good substitute for meat, and especially in warm weather. Krummel Torta is an unusual dessert, not very difficult to make, and very nourishing.

Breakfast.
Fresh figs with cream; broiled bacon; graham muffins; marmalade; coffee.

Lunch.
Macaroni Virginia style; Southern pone bread; fresh string beans; marshmallow gingerbread.

Dinner.
Beef roast; new potatoes in cream;

cabbage slaw; bread; orange snow pudding.

Macaroni Virginia Style:
1 1/2 c. macaroni
2 tablespoons butter.
1 t. mustard
1 1/2 c. grated cheese.
1 1/4 c. white sauce.
3 tablespoons dried bread crumbs.
Break macaroni in one-inch pieces and cook in boiling salt water until soft. Drain in colander and pour 1 qt. cold water. Put half in a buttered baking dish, dot over with one-fourth the butter and sprinkle with one half the mustard and cheese; repeat, pour over white sauce, cover with dried bread crumbs mixed with remaining butter and bake in a hot oven until crumbs are brown.

Southern Pone:
Scald 1 pt. of milk and add gradually 2 cups of Indian meal, 1 sp. salt and three tablespoons of butter, cool slightly and add two eggs well beaten, and 1 tsp. baking powder. Turn into a buttered earthen dish and bake in a moderate oven thirty-five minutes.

Marshmallow Gingerbread:
Cream 1/2 cup of shortening (or butter or crisco) and add one cup of molasses, one egg well beaten. Then add alternately two and one-third cups flour mixed and sifted with 1 3/4 tsp. soda, one teaspoon salt, one teaspoon ginger, and sour milk. Beat vigorously, turn into a buttered and

floured pan and bake in a moderate oven twenty-five minutes. Remove from pan, cut in halves, crosswise, and put marshmallows between layers. Put in oven and let stand three minutes. Remove to serving dish, cool, cut in squares and serve with whipped cream.

Breakfast:
Farina and stewed prunes; fish cakes, muffins; cocoa.

Lunch:
Scalloped tomatoes; brown bread; cottage cheese salad.

Dinner:
Baked potatoes in jackets; spring carrots; beef steak pie; lettuce salad and mayonaisse; Graham biscuits and butter; Krummel Torta; coffee.

Krummel Torta:
Beat 2 eggs until light, add 1 c. sugar, 1/2 c. bread crumbs, 1 c. chopped dates, 1 c. chopped nuts and 1 t. baking powder. Mix well together, put into a shallow pan and bake in a slow oven. Cut into squares and serve either plain or with whipped cream.

Beef Steak Pie:
Cut 2 lbs. of meat from the round or flank into pieces one inch square.

Sprinkle with 1 T. flour, 1 T. parsley and 1 onion chopped fine and brown in 2 T. butter. Remove to a deep baking dish, pour 1 c. stock or hot water into the pan in which meat was browned, thoroughly scrape up all the rich meat juices and pour over the meat in the baking dish. Bake 3-4 hour with a crust made as follows:
Remove all membrane from 1-4 lb. of suet, chop fine and add to it gradually 1 c. flour; add 1-4 t. salt and enough ice water to moisten. Knead for a moment, then roll out into a sheet large enough to cover top of baking dish. Make hole in center of crust for steam to escape. Before covering the meat with crust, season with 1 t. salt and dash of pepper. Brush over the top of the crust with milk or beaten egg and bake 3-4 hour.

Weather Observer, Josephine Newman, states that the comparative record for the month just closed shows that 1.08 of an inch of rain fell against same month in 1923 was 6.52 of an inch.

ROUGH DRY.

W. A. Jackson Company's Great Spring Opening and Unloading Sale

Opened this morning with a big rush. In 10 minutes after doors opened there was not standing room for the great crowds that came to buy their Spring and Summer wants and needs at a tremendous saving. When W. A. Jackson Company puts on a big Spring Opening and Unloading Sale, the public knows what it means, real bargains all over the big store, not just a few special items, the entire stock, on sale without reserve, not an item in the big store reserved, everything going at Great Sweeping Reductions, a Sixty-Five Thousand Dollar Stock of New Fresh Clean Spring and Summer Merchandise on sale at prices you would only expect at the end of the season. No wonder

great crowds storm the big busy store. When you can buy it for less, WHY PAY MORE? The crowds are coming and they will keep coming when they see the Great Bargains that are being offered from day to day as the big sale continues. Remember tomorrow and next day will be two big days. Come and get pick and choice of stock each day. Every morning means pick and choice of the stock. Come early and stay late. It's bargain day on all that's new and interesting, fall in line, follow the crowds and come direct to the big busy store for bargains. Be sure and come tomorrow and next day, Friday and Saturday, May 2nd and 3rd.

BOY SCOUT BIKE PATROLS

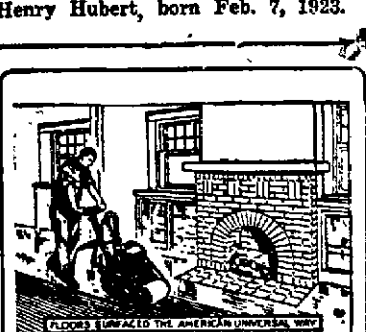

One of the rapidly growing branches of the boy scout organization is a cycling corps. There are now bicycle patrols or troops in a great many cities and towns all over the country. In 1911, when the cycling branch was first organized, six boys won the merit badge for proficiency in bicycling. In 1921, 2,217 boys captured it. Merit badges for excellence in various sports and branches of scouting work are awarded to Scouts who pass the tests, and one of the most coveted nowadays is the merit badge for efficiency in the use of the bicycle.

The scout cyclist, before he can win his cycling merit badge, must pass the following requirements: Ride a bicycle 50 miles in 10 hours; repair a puncture; take apart and clean a bicycle, and put it together again properly; know how to make reports. If sent out scouting on the road; read a map, and report correctly verbal messages. Only a first-class scout holding a certificate of registration from the National Council as evidence of his being a Scout in good standing, can be examined for merit badges. Scouts who wish to prepare themselves to pass the cycling test should obtain a copy of the pamphlet on Cycling, which is one of the series

of "Be Prepared" books published by the Boy Scouts of America. A Scout's usefulness is considerably increased if he is a cyclist. He has the advantage of speed which makes it easier for him to move silently and unseen. His knowledge of the country surrounding his home town is much greater because this extra means of transportation makes it much easier for him to secure it.

During the past year many long bicycle tours have been taken by various groups of scouts which have amply proved the value of the bicycle as a practical means of road transportation for long distance hikes. In the Boy Scouts' Council of Los Angeles, an annual bicycle tour has become an established feature. Executive Harvey R. Cheeseman conducted a week's tour to Mexico last March which was very successful. Troop 1 of Columbus, Ohio, rode to Washington in 11 days under command of Scoutmaster Monte Beaver, and were entertained by President Harding. A New Jersey troop covered 300 miles in a 10-day hike, a Chicago group of scouts took a 100-mile tour, and many other similar trips could be mentioned.

PRINCESS MARY'S BIRTHDAY LONDON, April 30.—Princess Mary, Viscountess Lascelles, and only daughter of King George and Queen Mary, celebrated her 27th birthday today. She having relinquished royal precedence through marrying a "commoner", there were no artillery salutes. The princess married Viscount Lascelles, millionaire son and heir of the Earl of Harwood, Feb. 28, 1922, and a son and heir, George Henry Hubert, born Feb. 7, 1923.

Brakes Relined By Machinery

Modern methods outclass the hammer and chisel and crude way of riveting linings to bands. Our methods employing the tubular rivet with each head countersunk to an evenness which only precision machinery can accomplish, together with the use of Raybestos lining of the proper size, will give you results such as you never have had. All you have to do is take your bands off and bring them in and we furnish the rivets and put them on free of charge.

TRUE POETRY OF THE BIBLE

The 101st Psalm is widely recognized to be the Song of Songs, the beauty of its language, the significance of its meaning to humanity, the hope it holds forth, the impressive truth of its every word, the sublimity of the faith of its writer make it one of the noblest passages in all literature. Its description of the Creator's kinship to man is unsurpassable. It is poetry in its most glorified form.

The reading and rereading of this Psalm alone gives back the faith in ourselves that a weary heart has failed to carry. The comfort of the Bible to the understanding and sorrowful is unending, and to those whose lives are full of joy the Bible is but hymn after hymn of praise for gladness. It is but a voicing, in marvelous verse, of the happiness that is within.

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Limestone County—Greeting:

You are hereby commanded, that you summon, by making publication of this citation in some newspaper published in the County of Limestone if there be a newspaper published therein, but if not, then in any newspaper published in the Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said Judicial District for four weeks previous to the return day hereof, B. D. Flickinger whose residence is unknown, to be and appear before me, a Justice of the Peace in and for Limestone County, at a regular term of the Justice's Court for Precinct No. 4 of said County, to be begun and holden at my office in Mexia on the 10th day of June, 1924, at ten o'clock A. M., to answer the complaint of Rogers Mercantile Company in a certain suit therein pending, in which Rogers Mercantile Company is Plaintiff, and B. D. Flickinger is Defendant.

Filed on the 26th day of April, A. D. 1924, and numbered on the Docket of

said Court No. 739, the nature of the Plaintiff's demand being in substance as follows: On July 14th, 1923, at the instance and request of Defendant the Plaintiff took defendant's note in the sum of \$44.50, due thirty days after date, said note providing for ten per cent attorney's fees if placed in the hands of an attorney for collection. Plaintiff says further that he placed the note in the hands of Keys & Mason, attorneys, for collection, agreeing to pay them the ten per cent attorney's fees provided for in the note, the same being reasonable attorney's fees; that the note is now past due and unpaid, and that Defendant, though often requested, has hitherto failed and refused, and still refuses, to pay the same or any part thereof, to Plaintiff's damage in the principal sum of \$44.50.

Wherefore, Plaintiff prays that the Defendant be cited to appear and answer this suit; that he have judgment in the principal sum of \$44.50, interest, attorney's fees and costs of suit, and for such other and further relief, general and special, in law and in equity, to which he may be justly entitled.

Herein fail not, but have then and there before said Court, at said regular term, this Writ, with your return thereon, showing how you have executed the same.

Given under my hand, this 26th day of April, A. D., 1924.

O. KENNEDY,
Justice of the Peace,
Precinct No. 4 Limestone County, Texas.
(May 1-8-15-22)

NOTICE

This section of the county is free from quarantine and it is not compulsory that you dip your cattle. But in order to prevent any return of ticks and to clean your cattle of lice you should dip them. I have made arrangements thru the Commissioners Court to dip your cattle without cost to you, during March, April and May. I will dip on the following dates, weather permitting: Reunion Ground vat, April 7th; Rossion, April 8th; Springfield, April 9th; Trotter, April 10th; L. C. Estates vat, April 11th. Other dates will be announced later. Notify your neighbors and make arrangements to dip on above dates. For further information, see O. LEWIS, Mexia, Texas.

CITATION BY PUBLICATION

The State of Texas,

To the Sheriff or any Constable of Limestone County—Greeting:

You are hereby commanded to summon John H. Brown and M. J. Kallett by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Limestone County, to be holden at the Court House thereof, in Groesbeck, Texas, on the First Monday in May, A. D., 1924, the same being the 5th day of May, A. D., 1924, and there to answer a petition filed in said court on the 11th day of April, A. D., 1924, in a suit, numbered on the docket of said court as No. 4450-B, wherein Bradford Supply Company, a corporation is plaintiff, and John H. Brown and M. J. Kallett are defendants, and said petition alleging:

That plaintiff at the instance and

request of defendants on or about July 18, 1922 and covering a period through December, 1922, sold and delivered to them various goods, machinery and oil well supplies, amounting to the sum of \$1818.09, in consideration of which defendants promised to pay plaintiff upon demand said amount, all of which is fully shown by an itemized statement of the dates goods and amounts charged therefor attached to plaintiff's petition; that said material was used by defendants in the development and improvement of an oil and gas lease; that on March 26, 1923, plaintiff fixed a materialman's lien as required by law covering all the lease, leasehold estate, oil and gas rights in and under the following land: Being a part of the land owned by W. D. Freeman, H. W. Freeman and H. C. Freeman and described in a deed record in Vol. 105, page 434, deed records of Limestone County, Texas. Beginning in the southeast line of said tract, north 52 1/2 east, 437.7 vrs. from the southwest corner of the tract which is the southwest corner of a twenty acre tract heretofore leased to Joseph Danciger; Thence North 35 1/2 west with Danciger's northeast line, 356.7 vrs.; Thence north 52 1/2 east 138.2 vrs. to the southwest line of a 40 acre tract heretofore leased to R. L. Sprinkle; Thence south 35 1/2 east with Sprinkle's Southwest line, 356.7 vrs. to the southeast line of Freeman's tract which is R. L. Sprinkle's southwest corner; Thence south 52 1/2 west 128.2 vrs. to the place of beginning, containing 10 acres. That said lien was filed on said lease hold estate for oil and gas rights, said lease hold estate being known as the Wofford & Jackson lease, which was operated by Ben Wofford and M. M. Jackson under the firm name of Wofford & Jackson, as agents of these Defendants and the remaining joint owners. That said account is past due and unpaid and defendants have failed and refused to pay same or any part thereof except the sum of \$500.00 to plaintiff's damage in the sum of \$1319.09.

Wherefore plaintiff prays that defendants be cited to appear and answer herein, and that it have judgment foreclosing its Materialman's lien to satisfy said indebtedness of \$1319.09, together with costs of suit and such other relief as it may be justly entitled.

Herein fail not, and have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Groesbeck, Texas, this 11th day of April, A. D., 1924.
(Seal)

Knights Templars Meeting Today In City Of Alamo

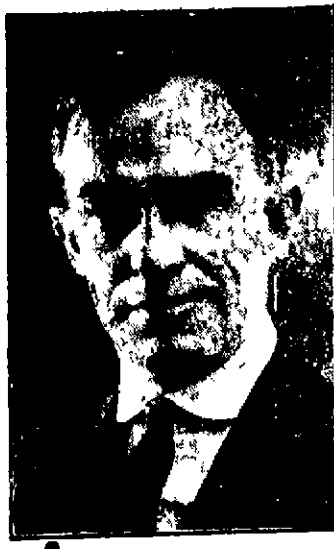

SAN ANTONIO, Texas, April 30. The grand commandery of Knights Templar of Texas convened here today in executive session at the opening of the 71st annual convocation. Public ceremonies were observed by the Templars yesterday.

H. B. Robertson of Dallas is Eminent Grand Commander.

This is the sixth meeting of the Texas Grand Commandery in San Antonio, its birthplace, it having been organized here in 1855.

More than 2,000 Knights are present.

Taucares Commandery No. 82, Dallas, won the State trophy for the best drill team, taking the cup away from San Antonio Commandery No. 7, which had won it twice in succession. Worth Commandery No. 19 Fort Worth, was second, Dallas Commandery No. 6, third, and San Antonio fourth.

LUTHER A. JOHNSON
Of Corsicana

Congressman for the Sixth District. Mr. Johnson is serving his first term in Congress and, as Representative from this district is pleasing the vast majority of his constituency. There is no request too minor but that it receives the same prompt, thorough attention that the larger matters which come before him receive. He has no opposition for re-election to this high and responsible office.

Knights of Pythias Meeting Tonight

Regular meeting of Travis Lodge No. 20, Knights of Pythias, tonight at 8 o'clock. Work in the Second Rank. Other important business. Officers and members, and candidates for the Rank, are urged to be present on time. Visitors are always welcome—H. C. FELZ, C. C.

FALL'S SISTER CRAZED OVER HIS CONDITION

LOS ANGELES, Cal., May 1.—Mrs. Catherine Petty's demented condition was the result of worry over her brother, former Secretary of the Interior Albert B. Fall, and his connection with the oil scandal, according to physicians. Mrs. Petty was detained by officers at Santa Monica after neighbors complained she was flourishing a gun and acting strangely.

FORMER CITY OFFICIAL BOSSIE IS NOW IN THE CLUTCHES OF THE LAW

KANSAS CITY, May 1.—Claude F. Bossie, former city official of Omaha, Neb., who was returned to this country after fleeing to Europe with "another woman," and indicted by a federal grand jury here on charges of violating the Mann white slave act.

PRIM PREST (1-30t)

Wildcats Forfeit Game Alexander

After playing the Alexander College team to a standstill at Tehuacana Wednesday, the Westminster College Wildcats forfeited the game when it was made known that one of the players was ineligible for college baseball. The score at the end of the eighth inning stood 7 to 3 in favor of the Wildcats. When it became known, however, that one of the Wildcat players was ineligible on account of having signed up with an organized baseball club and having participated in a game, though he did not make the club, Coach Willis ordered the game forfeited.

The game was marked with numerous errors as both teams seemed to be off form. The Wildcats out-hit the visitors getting eleven hits against five for them. The Wildcats however accumulated seven errors against five for the Alexander players, most of the errors made by the former being made by McDonald at shortstop, who was unable to get at himself during the game.

Jefferies pitched six innings for the Wildcats and was followed by Merrill who pitched until the ninth when the game was forfeited. During the game Jefferies struck out nine men and Merrill three. Reynolds who pitched for the visitors showed up well, striking out eight men.

ROUGH DRY. (1-30t)

Smith Wins In Massachusetts For Presidency

BOSTON, April 30.—Smashing the Democratic State Committee slate and running second only to Senator David I. Walsh, unpledged, General Charles H. Cole, of Boston, pledged to support Governor Al Smith, of New York, at the Democratic national convention, was elected delegate-at-large in the Massachusetts primary election. Smith received a second endorsement when the voters elected Joseph B. Ely, of Westfield, the only member of the State Committee slate who had announced his support of the New York governor.

The Republican delegation of 89, all known to favor President Coolidge, were chosen with little difficulty.

The lone Hiram Johnson delegate, Dwight B. McCormick, came out a poor third, receiving only 179 votes of 7,372.

Mrs. Gertrude Steen and little granddaughter, Miss Marion Shaw, of Littlefield, are in the city visiting old time friends. Her son, John Street, accompanied her here, but returned a few days ago to his business.

MAJOR MARTIN LOST IN ICE SWEEP ALASKA

Five Killed Ten Burned In Oil Tank Explosion

No Word From Flier Since Wednesday Morning

CORVOVA, Alaska, May 1.—Search of the icy swept Alaska coast for Major Frederick L. Martin, commander of the American around-the-world airplane flight, began today. No word has been received from the flier since he hopped off from Chignik for the Dutch harbor, Unalaska, yesterday morning. The coast guard cutter Algonquin patrolled the route between Chignik and the Dutch harbor along which Martin was to fly. Other boats are searching for the missing aviator.

CORVOVA, Alaska, May 1.—Completing repair on his plane, the Seattle, Major Frederick Martin has hopped off from Chignik.

His destination is Dutch Harbour, where three companions have been waiting for two weeks. The American pilots probably will leave Dutch Harbor within two days.

PARIS, May 1.—France's long distance airplane flight was held up at Karachi today, but was expected to get underway for Japan again Saturday morning.

Lieutenant Pelletier d'Oisy, who already has established a record for flight from France to India in his big Berget plane, telegraphed the ministry of air that the delay was caused by necessity of over-hauling the motor of his machine.

Giants Leave For The West

By HENRY L. FARRELL
(United Press Staff Correspondent)
NEW YORK, May 1.—Tests of the real strength of the two champion clubs will be put to the New York Yankees and the Giants when they meet the powerful clubs of the west.

The Giants departed today on a trip that will swing them over the western circuit and will keep them away from home until the first of June. The Yankees returned today to remain here until the Giants return when they will hit the road again. Both clubs have a few more bites to take off the eastern pickings before they start on the tougher meat that the west will offer. The Giants have seven games against Boston and Philadelphia and then they start with the St. Louis Cardinals for four games. They have four games then with the Chicago Cubs, three with the Pittsburgh Pirates and four with the Cincinnati Reds.

The Yankees get ready for the western clubs with seven games with Washington and Philadelphia and then they will have to take on the White Sox, the Browns, the Indians and the Tigers for four games each.

Considering that there may be a disadvantage in playing away from home, the Giants are well fixed to meet their invasion of the west. They have a comfortable hold on first place and the team is going fine. The Giants, however, have always been a great road club.

While the Giants were fortunate in getting away to a flying start, the Yankees faltered badly and they are just beginning to hit their stride. They are tied with the Tigers for first place and they may have a lead of a couple of games before they have to tackle the strength of the west.

FORT WORTH, Texas, May 1.—The exhibition of the Dempsey-Tyrpa fight films here was stopped today by the district attorney. Howard Winship, exhibitor, was arrested charged with violating the state laws. Winship was arrested yesterday by federal officers and later released when it was learned that he bought the fight picture in Dallas where it had been reproduced from original negatives.

Mr. and Mrs. Fletcher Adair and baby of Groesbeck were Mexia visitors Thursday.

Dorothy Dalton Weds Hammerstein.

Dorothy Dalton, the "Aphrodite of the Movies," embarked on her second matrimonial venture in her native Chicago when she married Arthur Hammerstein, New York theatrical producer, son of the late Oscar Hammerstein and father of Elaine, the film actress. Miss Dalton was formerly the wife of Lew Cody. Hammerstein has been married three times previously.

Police Break Up Celebration Of Red on May Day

By CARL D. GROAT
(United Press Staff Correspondent)

BERLIN, May 1.—Police broke up an extensive gathering of Communist May day demonstrators here today. Heavily armed mounted, and foot detachments swarmed through the Lustgarten, near the former Kaiser's palace, chasing the Reds before them when an outbreak seemed imminent.

The demonstration followed threats by Communists that "Red May Day" would be observed by widespread activity, despite the police ban on all agitation.

Detachments of police armed with rifles, began patrolling the principal thoroughfares shortly after dawn and threw up barricades at points where rioting was feared.

The regular police service was reinforced heavily.

NEW YORK, May 1.—Jack Dempsey, heavyweight champion, and Harry Wills, colored contender, will meet for the championship in Jersey City September 6, Tex Rickard announced today.

Half Million Dollars' Worth Of Pure Bred Holsteins Fall Before Firing Squad In West

WOZENCRAFT SAYS MEXIA HAS MADE GREATEST PROGRESS IN FEW YEARS OF ANY CITY IN THE SOUTHWEST

Former Mayor Frank Wozencraft of Dallas, speaking to the Rotarians of Mexia at noon today asserted that he had never seen greater progress in a city or institution than that reflected in the city of Mexia during the past three years. He was here three years ago and delivered an address at that time and it was the intervening period to which he referred, paying this high tribute, which was received with applause from the Rotarians and their guests assembled in the dining room of the Majestic hotel.

He stated at the outset of his address that he was gratified to come back and to witness this progress, which has been so marked and which has won for Mexia the reputation of being the liveliest city of its size in Texas. Your spirit of cooperation is also pleasing to anyone who places the right value on this term, he said.

He said that he had been invited to make a classification talk on the "Investment Finance Corporation." Mr. Wozencraft is Vice President and General Counsel for this organization and he stated that he would deal with its purposes and its field of service in the remarks that he would make.

These he dealt with for about 20 minutes paying a high tribute to Gordon Perry, President of the Investment Finance Corporation, saying that he was the guiding genius of the company and much of its success already was due to his connection with it, in which he devotes about 80 per cent of his time.

He said that the Investment Finance Corporation was the first company to be chartered under the new Blue Sky Law in Texas, and that its purpose was to fill a need for home capital and to occupy a field formerly occupied only, or in the main, by foreign capital.

He pointed out that the Dodge dealers and others in the principal cities of the State met and decided to organize the company, with Gordon Perry as its President, for the purpose of handling automobile time sales paper; that it was first organized for one half a million dollars, which proved inadequate for

early needs even and that the capital stock has since been increased to one million dollars. He pointed out the conservative and safe plan followed, in that when automobile time paper is taken up, the corporation is backed by note, chattel mortgage, the guarantee of a good dealer and insurance on the car; and that through the ability of finance companies successfully to carry out such closer supervision they are enabled to supplement our commercial banking system and to make for themselves a distinct economic position in our financial organization. Today it is estimated that from 50 per cent to 70 per cent of all automobiles are bought on the installment or "Terms" plan. The dealer sells his installment notes to some good Finance Company, and thus keeps his capital liquid and extends his operations in keeping with public demand. Mr. Wozencraft pointed out that such a company in Texas served to keep Texas money at home and through such a plan of cooperation, the State could finance her own growing industries, rather than look outside of Texas for the necessary capital.

His address was appreciated by every Rotarian and all present. President Albert Berry assured him that the reason he had been invited here this time was that he had been heard before and that he would be asked to come again.

George Bell sang a solo at the outset of the program, accompanied by Mrs. Ira Needham on the piano. The meeting was presided over by President Albert Berry. At the beginning of the program, he turned the gavel over to Mayor Ernest Watson, who introduced Mr. Wozencraft in brief but glowing terms.

It was announced that next week the program will be held at the Texas Cafe on Wednesday, in view of the Shrine Ceremonial Thursday at Waco. It was stated that that would be "Ben Stollenwerk Day" in honor of the outgoing secretary.

The new officers of the club were installed, those present being President Hardy Eubanks, Secretary J. W. Elliott, and Sergeant at arms,

LANKERSHIM, Calif., May 1.—Half a million dollars worth of pure bred Holstein fell before a firing squad today, sacrificed to the hoof and mouth disease. Three hundred and sixty-six animals including former world champions milch cows Tillie Alcarata, were driven into a trench and shot down, covered with quick lime and buried.

GROESBECK DEFEATS KOSSE SCHOOL TEAM

GROESBECK, Texas, May 1.—The Groesbeck High School baseball team defeated the Kosse III on the local grounds Wednesday afternoon with a score of 4 to 1. They defeated the Thornton team Tuesday afternoon, 16 to 1. They are fast whipping into trim and expected to be a strong contender for the High School honors in this section of the State this season.

MAN ALLEGED CRAZY KEPT FROM MARRYING

LOS ANGELES, Cal., May 1.—Those who believe a man is crazy who gets married may point to the case of Amos Peasley Spencer, 75, capitalist, who was hauled from the altar on insanity charges by deputy sheriffs. Clara Bell Lessig, 56, prominent clubwoman fiancée of the aged bride-to-be, demands \$320,000 heart balm because the nuptials were interrupted. She charges it was a plot staged by members of the family to prevent the wedding.

R. A. Wagner, who were conducted to the front and introduced as such. President Albert Berry presented them, and at the same time thanked the club for the honor paid him in electing him to the office from which he was then retiring. The new President, Hardy Eubanks, called upon to speak, thanked the directors for the honor, and pleaded for the cooperation of all in making the next Rotary year a success. He said in conclusion that he felt that he was President of the best club in the best town of Rotary International.

Quite a number of guests were present, including Rev. W. O. Barnett, pastor of the Calvary Baptist church of Dallas, who is now here, doing the preaching at the revival being conducted at the First Baptist Church.

Pullman Car Porter Lectures in College.

John Baptist Ford, a Pullman car porter, delivered the first of a series of lectures on transportation to a class of students at Dartmouth College, telling of his railroad experiences and the lesson a railroad teaches. He explained how kindness and willing service to patrons won him recognition.

Fire Follows Blast Whose Origin Is Unknown

KANSAS CITY, May 1.—Five men were killed and ten burned, several perhaps fatally when an oil tank at the Interstate Refinery here exploded today. The cause of the explosion was not determined. Fire followed the blast and for a time it threatened the entire manufacturing district. The bodies of the men killed were thrown 100 feet in the air and nearly a block from the refinery. Concussion from the explosion knocked many workers to the ground.

STORM TOLL
ATLANTA, Ga., May 1.—The death toll from the storm which swept a swath 1,000 miles long through four southern states mounted steadily today as reports of casualties in communities isolated by the tornado came trickling in.

The total number of dead is expected to reach nearly 100. The number of injured will exceed 500. Property damage is in excess of \$10,000. Relief work was going ahead rapidly under direction of the Red Cross headquarters here.

One house at Opelika, Ala., was blown to splinters, but its five occupants escaped injury. Two women were seated talking on the porch of another home a short distance away. One of them was picked up, carried 300 feet and her body dashed against a building. The other remained seated in her chair unscathed.

In Macon, Ga., the northern part of the city was untouched but in the South Macon, the storm apparently followed one main street wrecking everything in sight. Telephone poles and trees were blown down and houses and buildings leveled.

Crops in Southern Georgia were ruined. Tobacco had just reached a point where hail would injure it. Peach orchards were also damaged by the hail stones.

Nine children were killed when the school house at Columbus, S. C., caved in before the force of the gale.

Ninety-five were known dead today. The swirling winds reached the height of their fury in South Carolina, having gained headway in their advances from the Mississippi states. The death list in that state totaled sixty-six. Large buildings crumbled before the gale. Men and women were picked up off the street, carried 200 yards and dashed to the ground.

Alabama had eleven dead; North Carolina three; Georgia 4; and scattered deaths were reported from Tennessee, Louisiana and Mississippi.

At some places entire settlements were wrecked, every house and public building in small village being leveled.

Sweeping a path about half a mile wide in South Carolina the storm with in half an hour ruined the richest agricultural section of the state. Timber, fruit trees, regular crops, old colonial homes—everything went down in the trail of the twister.

Seven negro women and children met death when six houses on a plantation near Camden were blown to splinters.

When the storm reached north Carolina although it had abated somewhat it still had power to do considerable damage. Two children were hurt in Charlotte, 25 were hurt in Rocky Mount; three killed and eight hurt at Durham, and four were injured with a property loss estimated at \$20,000 in Richmond, Va.

ATHENS SCENE OF MAY DAY RIOTS

ATHENS, May 1.—One soldier and three workmen were wounded here when troops exchanged shots with a group of May Day demonstrators, after they had been ordered to disperse.

TEXARKANA.—John T. Davis, former county clerk of Miller county, Ark., was acquitted of charges of arson in the District court of Cass county, Texas.

Brother Former Tax Collector Killed In Car Wreck

Wholesale Manufacturers And Jobbers Of Mexia To Present Exhibit At The Shrine Club Circus To Be Held Here

An interesting announcement comes from Shrine headquarters this morning concerning the booth exhibits to be shown under the big tent during Shrine circus week in Mexia.

The Wholesale Manufacturers and Jobbers Association are to appoint a committee at an early date to collect exhibits and display them in a booth known as a made in Mexia exhibit.

This booth will be of sufficient size and attraction to prominently display every article manufactured or made in Mexia. In discussing this matter with interested parties, it is plain to be seen that there are enough different commodities manufactured in Mexia to make quite a nice showing and a representative will be in the booth to meet visitors and spectators, and talk Mexia and Mexia products to them. This feature of the various exhibits will be another link in the big chain of advertising Mexia to the world.

Automobile dealers will display their different model cars and have

their representatives on the ground to meet the public and future buyers.

Merchants will have their own booths wherein they will display their attractive merchandise and operate their style shows.

Noble Sam Werner manager of the publicity campaign informed the editor that the publicity and of the circus was going over the top and that if the crowds are not under the tent every night of the circus, it won't be because every person that can read and write don't know about the event.

Through the co-operation of the merchants and the local Shriners over 5000 printed invitations were mailed out in the morning mail with monthly statements to their customers. This will put a personal invitation in practically every household in Mexia and in lots of homes in its trade territory.

A display ad is running in today's News and also in the Weekly Herald carrying further news of the coming attraction.

N.J. Thedford Is Auto Accident Victim Late Wednesday

GROESBECK, Texas, May 1.—Word was received here today of the death last night of Nolie J. Thedford, of Wichita Falls, his death being due to an automobile accident Wednesday. He formerly resided in Groesbeck, moving to Wichita Falls a short time ago with his family. He is survived by his wife and three children of Wichita Falls; his mother, Mrs. Martha Thedford, of Groesbeck, three brothers, also of Groesbeck, and two sisters. His brothers are M. S. Thedford, former Limestone County Tax Collector; Grady and Robert. His sisters are Mrs. Otis White of Gordon, Texas, and Mrs. John Moody of Paint Rock. He will be buried in Groesbeck Friday afternoon.

Houston Police Represented At Rodeo In London

HOUSTON, Texas, May 1.—Oscar F. Hope, Houston's mounted police force, will take part in the International rodeo in London, June 17-24. Hope will take his champion roping horse, Frank, with him when he sails.

ANTI PASS LAW IS UPHELD IN COURT

AUSTIN, Texas, May 1.—Validity of the Texas anti-pass law was upheld by the supreme court here in the case of the St. Louis Southwestern Railway company against the State of Texas. The decision ruled the legislature has the power within reasonable limitations to determine who is entitled to receive and use passes in Texas.

EL PASO.—Eduardo Varela, alleged rum runner, was shot and critically wounded by revenue officers when he resisted arrest.

Wind Blows Hard And Does Damage In The County

Wind reached almost the proportions of a storm at Groesbeck and near there Tuesday of this week. According to the Weather Bureau Station there, the gale reached 45 miles and hour. Near Lavender, six miles west of Groesbeck, the store of Frank Bevil was blown from its blocks. Other minor damages was done in the community.

One citizen, driving a Ford reported that he saw a galvanized cistern coming towards him at a rapid rate. He was perplexed as to what it would do to him when he met it, as the road was not wide enough for him to turn around where he was. Fortunately, a chert was between him and the cistern and he turned off into the ditch and when the cistern reached the culvert, it had more courtesy than the usual road hog and turned off on the other side and stopped. The driver then went on his way.

REGARDING THE SELECTION OF DELEGATES

The following is the law regulating the election of delegates to State and National conventions:

Chapter Eleven

National Conventions, State Conventions to Select Delegates to.

ART. 3175. Any political party, desiring to elect delegates to a national convention, shall hold a state convention at such place as may be designated by the state executive committee of said party, on the fourth Tuesday of May, 1912, and every four years thereafter. Said conventions shall be composed of delegates duly elected by the voters of said political party in the several counties of the state at primary conventions to be held on the first Saturday in May, 1912, and every four years thereafter. Said primary conventions shall be held between the hours of ten o'clock a. m. and eight p. m. These primary conventions shall elect delegates to the county convention of the several counties, which shall be held on the first Tuesday after the first Saturday in May, 1912, and every four years thereafter. The qualified voters of each voting precinct of the county shall assemble on the date named, and shall be presided over by a chairman who shall have been previously appointed by the county executive committee of the party, and shall be a qualified voter in said election precinct; and said convention may elect from among their number a secretary and such other officers as may be necessary to conduct the business of the convention. The chairman of said convention shall possess all the power and authority that is given to election judges under the provisions of this title. Before transacting any business, the chairman shall make, or cause to be made, a list of all qualified voters present; and the name of no person shall be entered upon said list, nor shall he be permitted to vote or to participate in the business of such convention, until it is made to appear that he is a qualified voter in said precinct, from a certified list of qualified voters, the same as is required in conducting a general election. After the convention is organized as above provided, it shall elect its delegates to the county convention and transact such other business as may properly come before it. The officers of said convention shall keep a written record of its proceedings, including a list of the delegates elected to the county convention, which record shall constitute the returns from said convention. The same shall be signed officially, sealed up and safely transmitted by the officers thereof to the chairman of the county executive committee of the party, and to be used by the executive committee in making up a roll of the delegates to the county convention.

(Acts 1905, SS., p. 553, Sec. 139.)

ART. 3175a. Provided that on the fourth Tuesday in May A. D., 1916, and every four years thereafter, in addition to the candidates heretofore required to be nominated, at the regular nominating election, the qualified electors of the political parties of this state shall have the opportunity to vote their first and second preference on their party nomination ballots for their choice of those aspiring to be the candidates

of their respective parties for president and vice-president of the United States, and for the nomination of their party presidential electors and the election their party delegates to the national convention of the respective political parties of this State. The names of the aspirants in each such party for its nomination to be its nominees for president and vice-president of the United States; and for presidential electors and the election of said delegates to said national conventions shall be printed on the party nominating ballot and the ballots shall be marked and the votes shall be counted, canvassed and returned under the same regulation of law as the names of the party aspirants for the party nominations for the offices of governor and lieutenant governor of this state. That said candidates for the nomination of president and vice-president of the United States shall have their names placed upon said primary ballot at two separate places under the headings "First Choice" and "Second Choice" to enable the electors participating in said election to vote for their first and second choice for said officers; provided, that aspirants for such presidential nominations need not file any personal petition for placing their names on said ballot, but that the state chairman of the respective political parties of this state shall certify to each county chairman of the respective political parties of said state, the names and addresses of all candidates of said respective political parties for said offices of president and vice-president of the United States, such names to be placed upon said official ballot as candidates for said offices.

Every qualified voter participating in said primary shall have the right at such nominating election to vote for two candidates from his respective congressional district for delegates to said national convention and for as many delegates at large to said national convention as may be directed by the state executive committee of said political party, and for the nomination of one presidential elector from his respective congressional district. The candidates for President and vice-president of the United States receiving the highest number of votes cast in said primary election shall be considered the first choice of the adherents of said political party in this state for said office, and the candidates for president and vice-president of the United States securing the second highest number of votes cast in said primary election shall be considered the second choice of the adherents of such party for said offices. The number of said candidates for delegates equal to the number of said delegates to be elected, and the number of presidential electors to be nominated, receiving respectively each for himself the highest number of votes for such office or nomination, shall be elected or nominated as the case may be. Provided the provisions of this act shall be optional with the political parties polling less than 50,000 votes for candidates for governor at the last preceding general election. Provided that the expense incurred in holding said precinct primaries shall be paid out of the county treasury of each county in which said primaries are held upon warrant drawn up

on the county treasury by the commissioners court of said county, or said clerk shall authorize the county clerk of said county to draw said warrant, and said fees shall correspond to the amount now paid election officers for holding general elections in this state, and this shall only apply to primaries for political parties when the candidate for governor at the last preceding general election polled 50,000 or more votes. (Acts 1913, p. 88, sec. 1.)

ART. 3181. On the first Saturday after primary election day for 1912, and each two years thereafter, there shall be held in each county a county convention of each party, to be composed of one delegate from each precinct in such county for each 25 votes, or a major fraction thereof, cast for the party's candidate for governor at the last preceding election, which delegates shall be elected by the voters of each precinct on primary election day, in such manner as may be prescribed by the county executive committee at their meeting on the second Monday in June, which convention shall elect one delegate to the state and several district conventions for each three hundred votes, or a major fraction thereof, cast for the party's candidate for governor in such county at the last preceding general election; and the delegates to the said conventions, so elected, or such of them as may attend the said convention, shall cast the vote of the county in such conventions.

Immediately upon the adjournment of each such county convention, the president thereof shall make out a certified list of the delegates to each of said conventions chosen by such county convention and shall sign the same, the secretary of such convention attesting the signature, and shall forward such certified list by sealed registered letter to the chairman of the state and district executive committees who shall present the same to the respective committees, at its meeting prior to the convention; and, from such certified list, the respective committees shall prepare a temporary roll of those selected as delegates to such convention; provided, that no proxies shall be allowed to, or recognized in, any convention held by authority of this title, where a delegate from the county is present in the convention.

ART. 3112. Each county in the state or district convention shall be entitled to one vote for each five hundred votes, or major fraction thereof, cast for the candidate for governor of the political party holding the convention at the last preceding primary election. In case, at such primary election, there were cast for such candidate for governor, less than five hundred votes in any county, then all such counties shall have one vote. (Acts 1907, p. 329 sec. 120.)

The total number of votes cast for Pat M. Neff at Mexia, Texas in general election held November 7, 1922, 468, the largest single instance of democratic votes appears to have been 473. C. M. Cureton and T. B. Greenwood each receiving that number. This is of record in Elections, Limestone County, Texas, Volume 2, page 158-159.

Canada's Chief Justice Is Dead

OTTAWA, Ont., May 1.—Sir Louis Davis, chief justice of the supreme court of Canada died at his home here Thursday. He was 79 years old.

Sir Louis had served often as the connecting link between the Dominion and the United States. In 1897 and 1897 he was in Washington in connection with the revision of the International Regulations respecting the Behring Sea seal fisheries and other disputes between Canada and the United States.

With the British Ambassador in Washington, he signed the protocols of the preliminary negotiations for the appointment of a joint high commission.

MAN KILLS SELF N CHICAGO SAYS NOTE

SAN ANTONIO, Texas, May 1.—Walter Bright Moore of Chicago was found shot to death in a rooming house here today. He left a note giving directions for shipping his body to Chicago. Ill health is said to have prompted him to commit suicide.

Three Commanderies Chartered in Tex

SAN ANTONIO, Texas, May 1.—Three new sub-ordinate commanderies have been chartered in Texas and three dispensations granted for commanderies, according to the report of J. C. Kidd, Recorder of the Grand Commandery of Texas, Knights Templar, which is holding its 71st annual convocation here. Commanderies chartered are located at Taylor, Midland and Longview, and those under dispensation at Lufkin, Terrell and Sweetwater.

The grand commandery has a membership of 18,160, and is the sixth in size in the United States.

The commandery voted \$1,000 to the Home for Crippled Children in Dallas, maintained by the Shrine.

Officers will be elected today and the next meeting place decided upon. Beaumont and Fort Worth are making strong efforts to get the honor.

WATCHING THE SCOREBOARD

Yesterday's hero: Rabbit Manville. The big Pittsburgher stole home in the fourteenth inning and stole the run that beat the Cubs, 2 to 1.

Playing his first game with the Brooklyn Robins, Milt Stock, former St. Louis third baseman, singled in the eleventh inning and drove in the runs that beat the Braves, 6 to 5.

Bad weather caused postponement of the other games.

GILMER.—Trial of Dr. W. Hyde on charges of slaying Dick Atkinson at Big Sandy, will begin here May 12, it was announced by Judge Warren.

FIGHTS AND FIGHTERS

NEW YORK.—Battling Siki, after an extended vacation in Cuba was loose again today in New York. He came back steamer from Havana and was held up several days at Ellis Island because he was flat broke. Bob Levy, his manager showed a bank book for \$3,000 that he had held away for the battler and he was allowed in for six months.

NEW YORK.—Jimmy Johnston, President of the National Sports Alliance asked permission of the New York Boxing commission to stage a benefit for Sam Langford, former heavyweight star, who is broke and almost blind, in California.

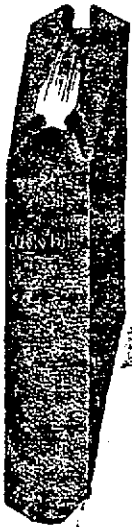

NEW YORK.—Jack Zivic, Pittsburgh light weight, was offered by his manager, Jimmy Bronson, to the boxing commission today as a candidate for a lightweight champion bout against Benny Leonard.

CHICAGO.—Floyd Fitzsimmons, promoter of the Carpentier-Gibbons fight at Michigan City, Ind., May 31, said today the conviction of Warren T. McCray, Indiana governor, who gave permission for the fight, wouldn't interfere with plans. Fitzsimmons said he had assurance there would be no interference.

PITTSBURGH, May 1.—Harry K. Thaw came home today. The slayer of Stanford White and the former husband of Evelyn Nesbit arrived in Pittsburgh and immediately motored to Cresson to join his aged mother, Mrs. Mary Thaw.

DALLAS.—The dog-wagon resumed operations here today, following numerous reports of rabies.

The Mexia Daily News BIBLE COUPON

Two distinct styles of this wonderful Book of Books have been adopted for this great newspaper Bible distribution. One is the far-famed Red Letter Bible (Christ's sayings printed in red for immediate identification), and the Black Print Bible for those who prefer that style.

Only Three Coupons and the Mere Nominal Cost of Manufacture and Distribution

Clip this coupon and mail it to the publisher, or mail them to this paper with the sum of one dollar, and you will receive either Style A—Red Letter Bible, or Style B—Black Print Bible, flush bound, leather cover, red edges, medium large type, strong and durable, three coupons 98c and only

Mail Orders: Send amount for Style A or Style B, with three of these coupons, and include 25 cents additional for postage and packing.

Every Reader Should Have a New Bible

DOUGLAS FAIRBANKS IN ROBIN HOOD

Eight Centuries Brushed Aside by Camera Lens

Robin Hood and his merry crew who took from the rich to aid the poor; his love for sweet Maid Marian; Sherwood Forest and Nottingham Town; Friar Tuck and Little John with their staves and cudgels—all etched out of the dim past and made to live again!

Towering battlements with turrets seeming to cut the sky; great castles of giant kings with their moats and drawbridges—drawn across the span of 800 years and set before eyes of to-day! The great Fairbanks as bandit chief—yet supreme in the role of romantic lover!

National

TODAY FRIDAY SATURDAY

OUTSTANDING FACTS ABOUT NEW FAIRBANKS PHOTOPLAY

Something of an idea of the bigness and general scope of Dougless Fairbanks' latest photoplay sensation, "Douglas Fairbanks in Robin Hood," may be gathered from the summary of facts given herewith. For this last word in Fairbanks super-features, which is showing at the National theatre under a United Artists release, a host of engineers, architects, artists and artisans labored for months before ever a camera lens was opened.

Twenty-two experts delved and studied in the necessary research work for accurate designing of the colossal sets.

Libraries the world over were ransacked by these experts for authoritative facts in ascertaining the historical data that all might be presented truthfully to the period.

Hundreds of workmen labored three months to build the sets.

One million feet, or approximately thirty-five carloads, of lumber were used in their construction.

This lumber, if laid out in board feet, would cover twenty acres of ground; if placed end to end would span a distance of about five hundred miles.

One carload, or about thirty tons, of nails were consumed in erecting the sets.

Two hundred and fifty tons of material went into the castle walls.

More than fifteen acres of studio property are in use for the principal sets.

The King's castle set covers two and one-half acres and is 310 feet in height. The exterior is 620 feet long.

In building the castle 178,000 square feet of wall board, plaster board and button lath were required.

There are eight castle towers. If these towers were water tanks, each would hold 276,000 gallons.

The castle is surrounded by a moat, built from historically correct specifications, broad enough and deep enough to serve as a genuine barrier against the taking of this stronghold.

The royal banquet room in the castle is the largest room in the world, being larger even than the concourse of the Pennsylvania Terminal Station in New York.

Elven canvas pavilions were built, each one forty feet in height.

The muslin diffusing system—used to diffuse light—is bigger than the combined "big tops" of the world's greatest circus enterprise.

The camera staff work from a platform built of selected spruce and airplane wire, with an area of forty square feet, weighs only 400 pounds, and can be assembled by four men in seven minutes.

Twenty thousand yards of heavy velvets and rich cloth material were used in making the 2,500 costumes worn by principals, players and extras.

More than one thousand wigs, each made of human hair, are worn by members of the cast.

More than one thousand pairs of shoes were required for the production and but one pair could be made from the hide of one sheep. The entire

Patterson's Column

It is the little things in life they say, which cause us all the strife that comes to us each happy day to rob us and to take away the pleasure that would else be ours—like thistles found among the flowers.

For instance just this morning I decided that for once I'd lie in bed a little while and snore before I started for the store but hardly had I settled good and started in to sawing wood when through my dreams a voice came bold—"Get up L. S., your coffee's cold"—and when you've finished, listen dear, I need your help a little here. Please move that box of winter things and fix the screen door's broken springs, then beat that rug and mop the floor—the mop's outside the kitchen door. I want my garden stuff to grow, so water it before you go—there goes the ice man; stop him please, and fix those bad piano keys, and Honey on your way down stop, and leave these shoes at Prickett's shop.

And thus it goes from day to day, my mind is slowly giving way—the phone rings—"L. S. when you come please bring a head of cabbage home."

—PATTERSON.

V. Wolverton Co.
Hardware

stock of three tanneries was taken in supplying these hides.

Every weapon carried in the production was made entirely by hand. There are 2,000 spears, 1,500 swords, 2,000 shields and 500 daggers.

Saddles and trappings were made for hundreds of horses, all hand-made and hand-sewed.

In making an exact duplicate of the standard used by King Richard I in his Crusade to the Holy Lands, 300 pounds of iron were necessary.

An army of 10,000 extra people is being employed in various scenes at various times.

The prodigal use of hand-work on all effects in "Douglas Fairbanks in Robin Hood," is not a careless extravagance, but serves to illustrate the absolute authenticity of the production, for in the period depicted machinery was little used, metals and almost all materials being worked by hand.

1209 DELEGATES ATTEND STATE SCHOOL MEET AT AUSTIN

AUSTIN, Texas, May 1.—Twelve hundred delegates to the University of Texas Interscholastic League meet will travel more than 400,000 miles to participate in the contests to be held in Austin on May 1, 2 and 3, according to the figures recently given out by Roy Bedichek, head of the League. It will be the biggest meet of this kind in the United States, it is stated.

"Each year the refund on railroad fare which is made by the League to the participants amounts to over \$12,000," said Mr. Bedichek. "The refund is made on a 70 per cent basis of the fare expended by the delegates in the journey to Austin."

Using this as a basis of computation and taking into consideration the reduced rates which the railroads accord the representatives, it was found that the total number of miles traveled by the delegates would amount to a distance sixteen times as great as the distance around the world.

Some idea as to the distance to be traveled by some of the participants can be obtained when it is considered that Texarkana is closer to Nashville, Tenn., than to Austin. El Paso is almost as near Los Angeles as Austin.

The Panhandle delegation, the Abilene district, and the Lubbock district have chartered a special train to bring their entries to the meet. This train will arrive in the capital city early Thursday morning, in ample time for the participants to take part in the preliminaries.

The meet this year will take place May 1-3, and at the start 144 auditoriums will be in use with 350 judges aiding in the selection from the first preliminaries in debate and declamation. At the same time over 600 track athletes will be on Clark Field to participate in the first preliminaries in track competition. In addition, every available tennis court in the city will

Baylor U. Coeds Hear Answer To Leading Question

WACO, Texas, May 1.—"Girls of America! Do you know how to win the respect and honor of all good men?"

This was the question asked of more than 700 girls at Baylor University here this week by Miss Grace Lee Scott, internationally-known welfare worker and lecturer for the Women's Christian Temperance Union, in an address before the student body.

"American boys want to marry girls who measure up to their mothers. That is the answer," Miss Scott said. The speaker declared the men in France during the war, where she did welfare work, expressed the hope that American ideals would be uplifted.

"The morality—or lack of morality—among men depends largely on women of America. Women should set the example, but men should not drag woman down from her saintly pedestal," she declared.

HOLY NAME SOCIETY TO HOLD CONVENTION

WASHINGTON, April 23.—Business men of the capital city are co-operating with the local Catholic clergy in making plans for the national convention of the Holy Name Society, to be held at the Catholic University, Sept. 18-21 next. Ten thousand delegates, representing the ninety-six Catholic dioceses of this country, will be in attendance. On the last day of the convention 200,000 of the 1,500,000 Holy Name men of the United States will take part in a national rally to commemorate 650 years of Holy Name activity throughout the world.

PEOPLE DON'T ADMIRE ROUGH, PIMPLY SKIN

Before you can impress some one of the opposite sex enough to get them to share the happy state of love with you, you certainly must keep your appearance pleasing and attractive. Pimples, blotchy, eczemic skin seems ten times worse to strangers and new acquaintances. And even husbands, wives, parents and kin feel sorry for loved ones who suffer from such skin diseases.

The way to get rid of all these drawbacks to affection and devotion from dear ones is to use Black and White Ointment and Soap, like thousands of people are doing. They are economically priced, in liberal packages. The 50c size Black and White Ointment contains three times as much as the 25c size. All dealers have both the Ointment and the Soap.—(Adv.)

34 SMU Students Suspended From That Institution

DALLAS, April 30.—Thirty-four students of Southern Methodist University who figured in the "wilderness dance" at Savage Lake or helped publish "The Dinkey" campus scandal sheet, were dismissed today by the faculty.

Nine of the students, including four editors of "The Dinkey" were expelled—25 others who contributed to the outlaw publication or participated in the drunken lake revel were indefinitely suspended.

In addition the faculty discipline committee placed 22 students on probation for the remainder of their scholastic careers.

In announcing the wholesale dismissals, President Sealeman, said it was preferable to have a "smaller student body than to have in our number young persons who are not in sympathy with our ideals and our objectives."

"We are seriously undertaking to do a piece of Christian educational work."

Twelve alumni of S. M. U. also said to have attended the lake party were barred from the campus by the faculty committee.

Faculty action followed an extended investigation by the discipline committee and the 56 students cited for punishment were said to have included all of those who attended the notorious bacchanal.

Federal officers who started investigation of the "wilderness dance" following reports that "women of the streets" and huge quantities of liquor were transported for the occasion, were said to be satisfied now

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.—(Adv.)

No Account Generally

Mrs. P. D. Nelson of Lake Charles, La., writes, "It was a long time before we found out what was the matter. I wanted to sleep all the time, suffered with my eyes, backache and headache. Had no energy and was no account generally."

"Doctor examined me and said I had Brights Disease, but could do me no good. I took Hobo Kidney and Bladder Remedy and was healed."

The Hobo Medicine Company, Beaumont, Texas, guarantees a treatment of six bottles to give entire satisfaction or they will refund the \$6.00.

Price \$1.20 per bottle or six bottles for \$6.00.

For sale by all druggists.—(Adv.)

that the students had been "properly dealt with."

"We are still after the bootleggers, however, who furnished liquor for the party," Dave Coffman, federal prosecutor, declared.

President C. C. Sealeman, of S. M. U., who took a hand in the investigation after he and a score of students and "town girls" were summoned before a federal grand jury to tell about "The Dinkey" and the student lake party, made public announcement of the dismissals.

He withheld identity of the ousted students, but declared emphatically there were no coeds involved.

Miss Pearl Shelton is now in Wichita Falls where she is with the Western Union Telegraph Company. Miss Shelton was formerly with the company in this city and has many friends here.

Piles Are Absorbed Never To Return

After years of patient, painstaking effort on the part of a well-known doctor, a prescription has been found that will actually heal piles and absorb them never to return.

No man or woman need suffer another hour with any discomfort, pain or soreness arising from rectal troubles—Piles—now that this wonderful prescription known as MOAVA can be obtained for a moderate price at any first-class drug store on the money back if dissatisfied plan.

You'll be amazed to see how quickly it acts. Blessed relief often comes in an hour; even in cases of long standing with profuse bleeding, real wonderful results have been accomplished.

Simply ask your druggist for a small box of MOAVA SUPPOSITORIES, being careful to follow the simple directions that come in each box. For sale by Cox-Forrest Drug Co.—(Adv.)

GROESBECK BOARD TO ELECT TEACHERS FOR NEXT SCHOOL SESSION

GROESBECK, Texas, May 1.—At the last meeting of the Groesbeck School Board the four members chosen at the recent election were sworn in and officers elected for the coming year as follows: President, F. A. Adair, Vice President, G. H. Bond, and Secretary-Treasurer, W. A. Browder. J. G. Cochrum was re-elected as Principal of the High School and the course in vocational agriculture was

Dark Teeth Bleached in 3 Minutes

You have always longed for flashing white teeth. And now, at last you can have them—easily, quickly, and safely! For scientists have discovered a remarkable new treatment which often in only three minutes bleaches dull dingy discolorations from the teeth, leaving them clear, sparkling white and lustrous. This new treatment, called Bleachodent Combination, consists of a mild safe liquid and a new kind of paste. The liquid cures and softens the stains, while the paste removes them, and if used daily prevents the formation of future stains. You simply brush teeth with a few drops of the liquid—then use the paste. Almost before you realize it, unsightly surface stains disappear and the teeth take on a dazzling new whiteness and lustre. First application usually leaves teeth whiter than with ten times the scouring by old-fashioned methods. Bleachodent Combination is harmless—does not affect enamel as its mild ingredients are intended to act only on surface stains—not on enamel itself. Especially beneficial for children's teeth which stain easily. Get Bleachodent Combination today for a few cents. Be sure you ask for Bleachodent Combination. At all good dealers.—(Adv.)

dropped from the course for the next year. Teachers for the next year will be elected at the next regular meeting of the board. The present session of the school will close on May 19th, with the Commencement Exercises in the evening. Superintendent M. H. Moore, of the Fort Worth Schools will address the Graduating Class. Miss Robbie Mays is to be valedictorian, and Miss Ethlen Pollock, salutatorian.

James Blair Harris of Dallas was a business visitor in Mexia Wednesday.

C. I. A. Suggests Varied Dishes to Be Served Daily

DENTON, Texas, May 1.—If fresh figs are not obtainable, preserved or dried ones stewed are a very good substitute. When served as a breakfast fruit very little sugar should be used. Marshmallow gingerbread makes a simple, inexpensive dessert and is especially liked by children. All families should learn to eat raw cabbage. It is a crisp succulent vegetable, stimulating to the digestive tract, and rich in vitamins. The vitamins are completely destroyed with long cooking. Cottage cheese is a good substitute for meat, and especially in warm weather. Krummel Torta is an unusual dessert, not very difficult to make, and very nourishing.

Breakfast.
Fresh figs with cream; broiled bacon; graham muffins; marmalade; coffee.

Lunch.
Macaroni Virginia style; Southern pone bread; fresh string beans; marshmallow gingerbread.

Dinner.
Beef roast; new potatoes in cream;

cabbage slaw; bread; orange snow pudding.

Macaroni Virginia Style:

1 1-2 c. macaroni
2 tablespoons butter.
1 t. mustard
1-2 c. grated cheese.
1 1-4 c. white sauce.
3 tablespoons dried bread crumbs.
Break macaroni in one-inch pieces and cook in boiling salt water until soft. Drain in colander and pour 1 qt. cold water. put half in a buttered baking dish, dot over with one-fourth the butter and sprinkle with one half the mustard and cheese; repeat, pour over white sauce, cover with dried bread crumbs mixed with remaining butter and bake in a hot oven until crumbs are brown.

Southern Pone:
Scald 1 pt. of milk and add gradually 2 cups of Indian meal, 1 sp. salt and three tablespoons of butter, cool slightly and add two eggs well beaten, and 1 tsp. baking powder. Turn into a buttered earthen dish and bake in a moderate oven thirty-five minutes.

Marshmallow Gingerbread:

Cream 1-2 cup of shortening (or butter or crisco) and add one cup of molasses, one egg well beaten. Then add alternately two and one-third cups flour mixed and sifted with 1 3-4 tsp. soda, one teaspoon salt, one teaspoon ginger, and sour milk. Beat vigorously, turn into a buttered and

floured pan and bake in a moderate oven twenty-five minutes. Remove from pan, cut in halves, crosswise, and put marshmallows between layers. Put in oven and let stand three minutes. Remove to serving dish, cool, cut in squares and serve with whipped cream.

Breakfast:
Farina and stewed prunes; fish cakes, muffins; cocoa.

Lunch:
Scalloped tomatoes; brown bread; cottage cheese salad.

Dinner:
Baked potatoes in jackets; spring carrots; beef steak pie; lettuce salad and mayonnaise; Graham biscuits and butter; Krummel Torta; coffee.

Krummel Torta:
Beat 2 eggs until light, add 1 c. sugar, 1-2 c. bread crumbs, 1 c. chopped dates, 1 c. chopped nuts and 1 t. baking powder. Mix well together, put into a shallow pan and bake in a slow oven. Cut into squares and serve either plain or with whipped cream.

Beef Steak Pie:
Cut 2 lbs. of meat from the round or flank into pieces one inch square.

Sprinkle with 1 T. flour, 1 T. parsley and 1 onion chopped fine and brown in 2 T. butter. Remove to a deep baking dish, pour 1 c. stock or hot water into the pan in which meat was browned, thoroughly scrape up all the rich meat juices and pour over the meat in the baking dish. Bake 3-4 hour with a crust made as follows:

Remove all membrane from 1-4 lb. of suet, chop fine and add to it gradually 1 c. flour; add 1-4 t. salt and enough ice water to moisten. Knead for a moment, then roll out into a sheet large enough to cover top of baking dish. Make hole in center of crust for steam to escape. Before covering the meat with crust, season with 1 t. salt and dash of pepper. Brush over the top of the crust with milk or beaten egg and bake 3-4 hour.

Weather Observer, Josephine Newman, states that the comparative record for the month just closed shows that 1.08 of an inch of rain fell against same month in 1923 was 6.52 of an inch.

ROUGH DRY.

To Celebrate The Completion Of Meridian H-Way

MERIDIAN, Texas, May 1.—The Waco-Bosque county Good Roads Jubilee celebrating completion of the Meridian Highway through Bosque county will be held on the proposed state park site near here, May 9.

A regular old-fashioned barbecue with some modern amusements will provide a background for the feature of the day, a speech by Gov. Pat Neff.

A ton and a half of meat will be served on a table 1,500 feet long. A pit 90 feet in length is being dug for the barbecue artists, who will be the best obtainable.

The public is cordially invited to every service of the Baptist revival. The morning services are conducted from 10 o'clock until 11, and the evening services begin at 8.

Dallas Sues Large Number of Insurance Firms

DALLAS, Texas, May 1.—Damages totalling \$42,000 are demanded from 55 insurance companies doing business in Texas in a suit filed in District court here by John M. Dawson. Dawson, who was broker for the insurance companies, charged they refused to do business with him when he refused to accede to certain "schemes" and that they deprived him of business with other companies.

Jack Dodson of the Dodson Machine shop has made an ornamental gate for the premises of Judge Osborne Kennedy. It is designed by Mr. Dodson and a work of real art. Judge Kennedy states that the only objection he has to it is that he will not be able to build a fence in keeping with the gate. It is made of iron, with many various designs carved upon it.

MARKETS.

NEW YORK, May 1.—The cotton market opened steady: May 2940, off 5; July 2780, off 5; Oct. 2425, off 5.

Opening Prices:
The stock markets opened higher: U. S. Steel 98 7-8, up 7-8; Can 102, up 2; Bethlehem 48 1-2, up 3-8; Baldwin 111 up 1; Norfolk and Western 123 1-2 up 5-8; Utah 67, up 5-8; Union Pacific 130 1-4, up 1-4; Studebaker 83 3-8, up 7-8; Southern Railway 53 3-8, up 1-8; General Electric 214 3-4; Wollen 65 1-4 up 1-8; Congoleum 38 3-8, off 1-4; Pan-American 46 1-4, up 1-2; American Sugar 42 1-4, up 1; Texas Company — opened.

HATHAM, Ontario, May 1.—The body of Frank Glis, wanted for the shooting of Mrs. Margaret Bushey, 23, was found on the roadside near the Bushey home. He had taken poison and then shot himself through the head, police said.

Mr. and Mrs. Gordon Gildart of Wortham were local visitors Monday.

W. A. Jackson Company's Great Spring Opening and Unloading Sale

Opened this morning with a big rush. In 10 minutes after doors opened there was not standing room for the great crowds that came to buy their Spring and Summer wants and needs at a tremendous saving. When W. A. Jackson Company puts on a big Spring Opening and Unloading Sale, the public knows what it means, real bargains all over the big store, not just a few special items, the entire stock, on sale without reserve, not an item in the big store reserved, everything going at Great Sweeping Reductions, a Sixty-Five Thousand Dollar Stock of New Fresh Clean Spring and Summer Merchandise on sale at prices you would only expect at the end of the season. No wonder

great crowds storm the big busy store. When you can buy it for less, WHY PAY MORE? The crowds are coming and they will keep coming when they see the Great Bargains that are being offered from day to day as the big sale continues. Remember tomorrow and next day will be two big days. Come and get pick and choice of stock each day. Every morning means pick and choice of the stock. Come early and stay late. It's bargain day on all that's new and interesting, fall in line, follow the crowds and come direct to the big busy store for bargains. Be sure and come tomorrow and next day, Friday and Saturday, May 2nd and 3rd.

BOY SCOUT BIKE PATROLS

One of the rapidly growing branches of the boy scout organization is a cycling corps. There are now bicycle patrols or troops in a great many cities and towns all over the country. In 1911, when the cycling branch was first organized, six boys won the merit badge for proficiency in bicycling. In 1921, 2,217 boys captured it. Merit badges for excellence in various sports and branches of scouting work are awarded to Scouts who pass the tests, and one of the most coveted nowadays is the merit badge for efficiency in the use of the bicycle.

The scout cyclist, before he can win his cycling merit badge, must pass the following requirements: Ride a bicycle 50 miles in 10 hours; repair a puncture; take apart and clean a bicycle, and put it together again properly; know how to make reports. If sent out scouting on the road; read a map, and report correctly verbal messages. Only a first-class scout holding a certificate of registration from the National Council as evidence of his being a Scout in good standing, can be examined for merit badges. Scouts who wish to prepare themselves to pass the cycling test should obtain a copy of the pamphlet on Cycling, which is one of the series

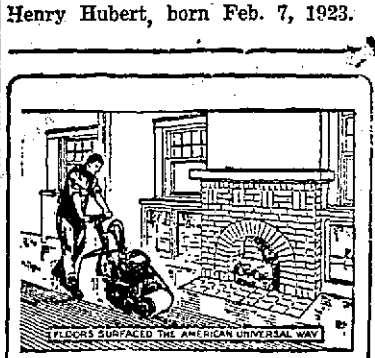

of "Be Prepared" books published by the Boy Scouts of America. A Scout's usefulness is considerably increased if he is a cyclist. He has the advantage of speed which makes it easier for him to move silently and unseen. His knowledge of the country surrounding his home town is much greater because this extra means of transportation makes it much easier for him to secure it.

During the past year many long bicycle tours have been taken by various groups of scouts which have amply proved the value of the bicycle as a practical means of road transportation for long distance hikes. In the Boy Scouts' Council of Los Angeles, an annual bicycle tour has become an established feature. Executive Harvey R. Cheeseman conducted a week's tour to Mexico last March which was very successful. Troop 1 of Columbus, Ohio, rode to Washington in 11 days under command of Scoutmaster Monte Beaver, and were entertained by President Harding. A New Jersey troop covered 300 miles in a 10-day hike, a Chicago group of scouts took a 100-mile tour, and many other similar trips could be mentioned.

is a prescription for Malaria, Chills and Fever, Dengue or Bilious Fever. It kills the germs. (Adv.)

PRINCESS MARY'S BIRTHDAY
LONDON, April 25.—Princess Mary, Viscountess Lascelles, and only daughter of King George and Queen Mary, celebrated her 27th birthday today. She having relinquished royal precedence through marrying a "commoner", there were no artillery salutes. The princess married Viscount Lascelles, millionaire son and heir of the Earl of Harewood, Feb. 28, 1922, and a son and heir, George Henry Hubert, born Feb. 7, 1923.

Have Perfect Homes!

I am a contractor in Painting, Papering and Floor Work. Old Floors made new and new floors made perfect. Have lived in Mexia for nearly four years and can give plenty of references.

THIS IS A STUDEBAKER YEAR

Brakes Relined By Machinery

Modern methods outclass the hammer and chisel and crude way of riveting linings to bands.

Our methods employing the tubular rivet with each head countersunk to an evenness which only precision machinery can accomplish, together with the use of Raybestos lining of the proper size, will give you results such as you never have had.

All you have to do is take your bands off and bring them in and we furnish the rivets and put them on free of charge.

FOR RENT—Two room cottage with dressing room and bath, garage in connection, partly furnished; close in; reasonable. Forrest Realty Co. Phone 413. 30K4

said Court No. 739, the nature of the Plaintiff's demand being in substance as follows: On July 14th, 1923, at the instance and request of Defendant the Plaintiff took defendant's note in the sum of \$44.50, due thirty days after date, said note providing for ten per cent attorney's fees if placed in the hands of an attorney for collection. Plaintiff says further that he placed the note in the hands of Keys & Mason, attorneys, for collection, agreeing to pay them the ten per cent attorney's fees provided for in the note, the same being reasonable attorney's fees; that the note is now past due and unpaid, and that Defendant, though often requested, has hitherto failed and refused, and still refuses, to pay the same or any part thereof, to Plaintiff's damage in the principal sum of \$44.50.

Wherefore, Plaintiff prays that the Defendant be cited to appear and answer this suit; that he have judgment in the principal sum of \$44.50, interest, attorney's fees and costs of suit, and for such other and further relief, general and special, in law and in equity, to which he may be justly entitled.

Herein fail not, but have then and there before said Court, at said regular term, this writ, with your return thereon, showing how you have executed the same.

Given under my hand, this 26th day of April, A. D., 1924.

O. KENNEDY,
Justice of the Peace,
Precinct No. 4 Limestone County, Texas.
(May 1-3-15-22)

NOTICE

This section of the county is free from quarantine and it is not compulsory that you dip your cattle. But in order to prevent any return of ticks and to clean your cattle of lice you should dip them. I have made arrangements thru the Commissioners Court to dip your cattle without cost to you, during March, April and May. I will dip on the following dates, weather permitting: Reunion Ground vat, April 7th; Rosson, April 8th; Springfield, April 9th; Trotter, April 10th; L. C. Estes vat, April 11th. Other dates will be announced later. Notify your neighbors and make arrangements to dip on above dates. For further information, see O. LEWIS, Mexia, Texas.

CITATION BY PUBLICATION

The State of Texas,
To the Sheriff or any Constable of Limestone County—Greeting:

You are hereby commanded to summon John H. Brown and M. J. Kallet by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Limestone County, to be holden at the Court House thereof, in Groesbeck, Texas, on the First Monday in May, A. D., 1924, the same being the 5th day of May, A. D., 1924, then and there to answer a petition filed in said court on the 11th day of April, A. D., 1924, in a suit, numbered on the docket of said court as No. 4450-B, wherein Bradford Supply Company, a corporation is plaintiff, and John H. Brown and M. J. Kallet are defendants, and said petition alleging:

That plaintiff at the instance and

request of defendants on or about July 18, 1922 and covering a period through December, 1922, sold and delivered to them various goods, machinery and oil well supplies, amounting to the sum of \$1818.00, in consideration of which defendants promised to pay plaintiff upon demand said amount, all of which is fully shown by an itemized statement of the dates goods and amounts charged therefor attached to plaintiff's petition; that said material was used by defendants in the development and improvement of an oil and gas lease; that on March 26, 1923, plaintiff fixed a materialman's lien as required by law covering all the lease, leasehold estate, oil and gas rights in and under the following land: Being a part of the land owned by W. D. Freeman, H. W. Freeman and H. C. Freeman and described in a deed record in Vol. 105, page 434, deed records of Limestone County, Texas. Beginning in the southeast line of said tract, north 52 1/2° east, 437.7 vrs. from the southwest corner of the tract which is the southwest corner of a twenty acre tract heretofore leased to Joseph Danciger; Thence North 35 1/2° west with Danciger's northeast line, 356.7 vrs.; Thence north 52 1/2° east 356.2 vrs. to the southwest line of a 40 acre tract heretofore leased to R. L. Sprinkle; Thence south 35 1/2° east with Sprinkle's Southwest line, 356.7 vrs. to the southeast line of Freeman's tract which is R. L. Sprinkle's southwest corner; Thence south 52 1/2° west 158.2 vrs. to the place of beginning, containing 10 acres. That said lien was filed on said lease hold estate for oil and gas rights, said lease hold estate being known as the Wofford & Jackson lease, which was operated by Ben Wofford and M. M. Jackson under the firm name of Wofford & Jackson, as agents of these defendants and the remaining joint owners. That said account is past due and unpaid and defendants have failed and refused to pay same or any part thereof except the sum of \$500.00 to plaintiff's damage in the sum of \$1319.09.

Wherefore plaintiff prays that defendants be cited to appear and answer herein, and that it have judgment foreclosing its Materialman's lien to satisfy said indebtedness of \$1319.09, together with costs of suit and such other relief as it may be justly entitled.

Herein fail not, and have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Groesbeck, Texas, this 11th day of April, A. D., 1924.

(Seal)

Knights Templars Meeting Today In City Of Alamo

SAN ANTONIO, Texas, April 30. The grand commandery of Knights Templar of Texas convened here today in executive session at the opening of the 71st annual conclave. Public ceremonies were observed by the Templars yesterday.

H. B. Robertson of Dallas is Eminent Grand Commander.

This is the sixth meeting of the Texas Grand Commandery in San Antonio, its birthplace, it having been organized here in 1855.

More than 2,000 Knights are present.

Tascred Commandery No. 82, Dallas, won the State trophy for the best drill team, taking the cup away from San Antonio Commandery No. 7, which had won it twice in succession. Worth Commandery No. 19 Fort Worth, was second, Dallas Commandery No. 6, third, and San Antonio fourth.

THE TEXTILE INDUSTRIES

(The Guaranty Survey)

The consumption of cotton by domestic mills in March showed a decline, at variance with the usual upward seasonal tendency. Some improvement has been recently reported by Southern mills, however, and raw cotton prices have moved within narrower limits.

In the silk industry also some unfavorable conditions have been accentuated in recent weeks. The decline in raw silk prices has continued since last October. The spring business of manufacturers has been generally disappointing. Conditions in the artificial silk industry are more favorable. American production in 1923, about two-fifths of the world's total, was more than 35,000,000 pounds, 50 per cent. more than in 1922 and about three times that of 1920.

The difficulties confronting producers of cottonseed oil have not been overcome. Prices of this product are largely influenced by the foreign demand and by the course of lard prices. Exports have been low in recent months and prices of lard have declined. Until these conditions are modified, prices of cottonseed oil may remain depressed.

An irregular decrease in freight car loadings has been in progress since the end of February, and for the four weeks ended April 12 loadings were about 2 1/2 per cent. below the corresponding figures last year. It is significant, however, that "merchandise l. c. l." loadings have been well sustained. Decreased loadings of coal have been the principal factor in the aggregate decline.

LUTHER A. JOHNSON
Of Corsicana

Congressman for the Sixth District. Mr. Johnson is serving his first term in Congress and, as Representative from this district is pleasing the vast majority of his constituency. There is no request too minor but that it receives the same prompt, thorough attention that the larger matters which come before him receive. He has no opposition for re-election to this high and responsible office.

Knights of Pythias Meeting Tonight

Regular meeting of Travis Lodge No. 20, Knights of Pythias, tonight at 8 o'clock. Work in the Second Rank. Other important business. Officers and members, and candidates for the Rank, are urged to be present on time. Visitors are always welcome.—H. C. FELZ, C. C.

FALL'S SISTER CRAZED OVER HIS CONDITION

LOS ANGELES, Cal., May 1.—Mrs. Catherine Petty's demented condition was the result of worry over her brother, former Secretary of the Interior Albert B. Fall, and his connection with the oil scandal, according to physicians. Mrs. Petty was detained by officers at Santa Monica after neighbors complained she was flourishing a gun and acting strangely.

FORMER CITY OFFICIAL BOSSIE IS NOW IN THE CLUTCHES OF THE LAW

KANSAS CITY, May 1.—Claude F. Bossie, former city official of Omaha, Neb., who was returned to this country after fleeing to Europe with "another woman," and indicted by a federal grand jury here on charges of violating the Mann white slave act.

PRIM PREST (1-304)

Wildcats Forfeit Game Alexander

After playing the Alexander College team to a standstill at Tehuacana Wednesday, the Westminster College Wildcats forfeited the game when it was made known that one of the players was ineligible for college baseball. The score at the end of the eighth inning stood 7 to 3 in favor of the Wildcats. When it became known, however, that one of the Wildcat players was ineligible on account of having signed up with an organized baseball club and having participated in a game, though he did not make the club, Coach Willis ordered the game forfeited.

The game was marked with numerous errors as both teams seemed to be off form. The Wildcats out-hit the visitors getting eleven hits against five for them. The Wildcats however accumulated seven errors against five for the Alexander players, most of the errors made by the former being made by McDonald at shortstop, who was unable to get at himself during the game.

Jefferies pitched six innings for the Wildcats and was followed by Merrill who pitched until the ninth when the game was forfeited. During the game Jefferies struck out nine men and Merrill three. Reynolds who pitched for the visitors showed up well, striking out eight men.

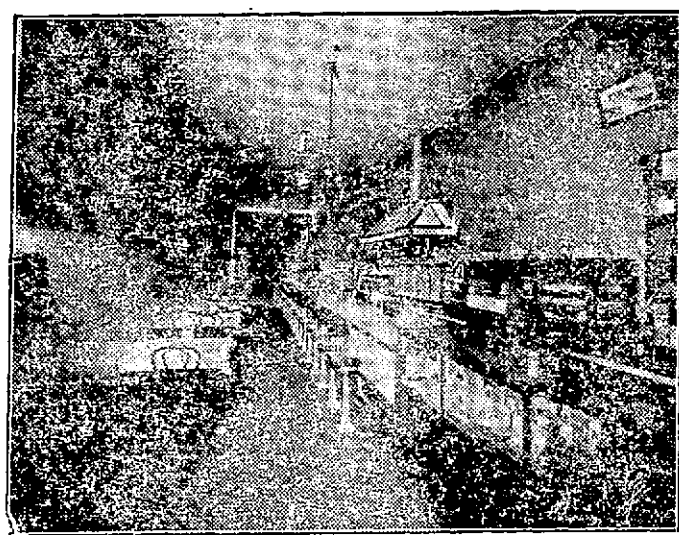

ROUGH DRY. (1-304)

Smith Wins In Massachusetts For Presidency

BOSTON, April 30.—Smashing the Democratic State Committee slate and running second only to Senator David I. Walsh, unpledged, General Charles H. Cole, of Boston, pledged to support Governor Al Smith, of New York, at the Democratic national convention, was elected delegate-at-large in the Massachusetts primary election. Smith received a second endorsement when the voters elected Joseph B. Ely, of Westfield, the only member of the State Committee slate who had announced his support of the New York governor. The Republican delegation of 39, all known to favor President Coolidge, were chosen with little difficulty.

The lone Hiram Johnson delegate, Dwight B. MacCormick, came out a poor third, receiving only 179 votes of 7,372. Mrs. Gertrude Steen and little grand daughter, Miss Marion Shaw, of Littlefield, are in the city visiting old time friends. Her son, John Street, accompanied her here, but returned a few days ago to his business.
